[REDACTED],

I request this to be an open letter to this committee due to lapses in the conduct of your Judge. Today as you are aware a decision was made by Judge Jones to lift the suspension of NFL Player Rice. Despite HARD evidence to show he was guilty, Judge Jones lifted the suspension.

As you are aware she was appointed by the Department of Defense to be on the Adult Sexual Assault Panel. Her conduct in the Rice case, shows that she like many of the people rape victims have to deal with can not be impartial. If she sides openly with a man who beats his wife, then I hate to think what she does behind closed doors in denying justice to rape victims.

I am demanding not requesting that she resign from this panel due to her ethical and lack of judgment.

You know how to reach me.

Sincerely,
Christina D. Thundathil
