Our Invitation to You

Join us for the 29th Annual San Diego International Conference on Child and Family Maltreatment presented by the Chadwick Center for Children and Families at Rady Children's Hospital.

The 2015 conference has been carefully planned and developed to meet the learning and networking needs of professionals working with families experiencing violence. The variety of the program allows you to develop your own learning experience that meets your specific needs. Come and be informed by ten pre-conferences, four plenary sessions, your choice of 140 concurrent sessions, and opportunities for networking and discussion among peers in our beautiful setting right by the San Diego Bay.

Sessions are arranged in tracks of core and advanced medical, trauma therapy, forensic interviewing, investigations, legal, infant and early childhood mental health, research, substance abuse, prevention, child welfare, ethics, current issues, domestic violence, secondary traumatic stress & resilience and global perspectives topics. There is something for everyone.

Some highlights this year are the child homicide investigations training, (a standing annual course), the latest in child brain research and the impact of toxic stress, and an emphasis on infant and early childhood mental health topics. Special sessions have been added this year to focus on secondary traumatic stress and its impact on you and your colleagues. We are placing an emphasis on the ethics of practice; a course that we offer every other year. We have also expanded our one world vision with a more robust international focus throughout the conference. Our expert faculty will impart strong science-based interventions with practical experience and "real" usable solutions.

Over 1,800 professionals from the USA and 35 countries have the opportunity to learn from each other, focus on skills, knowledge, the best practices available, and to interact and form personal and professional relationships.

With every new lesson learned, we hope you come away from this conference replenished, energized with a renewed passion and commitment to work with families to become healthy and free from physical abuse, sexual violence, and neglect.

ABOUT THIS YEAR'S BROCHURE THEME

The year 2015 marks the 100th Anniversary of Balboa Park in San Diego. The Panama California International Exposition in 1915, San Diego's first major international fair, provided the impetus behind creating many of the central buildings and gardens as they still appear today. A century later, Balboa Park stands as the largest cultural urban park in the world. For details, visit Balboa Park at: www.balboapark.org.

SATURDAY ■ JANUARY 24

BASIC SEXUAL ABUSE MEDICAL EVALUATION 8:00 AM – 4:30 PM

Course Moderator: Marilyn Kaufhold
Presenters: Jennifer Davis, Sandra Murray, Premi Suresh, Lorena Vivanco
Presented by Chadwick Center

This is a comprehensive basic review of the sexual abuse medical evaluation for prepubertal children and adolescents. Modules include epidemiology, anogenital anatomy, best practice examining procedure, acute and nonacute anogenital findings in prepubertal children and adolescents and a brief introduction to STDs in the context of sexual abuse. This is intended for medical providers; however, others will be allowed to attend with the understanding that medical providers are the intended audience. Limited to 50 participants.

Rate: \$165 • Register online at sandiegoconference.org • Registration Deadline: January 15, 2015

SATURDAY ■ JANUARY 24 & SUNDAY ■ JANUARY 25

CHILD HOMICIDE INVESTIGATIONS 8:00 AM – 4:30 PM

Presenters: Thomas Biesty, Brian Killacky, Joni McClain
Presented by National Criminal Justice Training Center, Fox Valley Technical College (NCJTC)

Participants will learn the protocols of the autopsy, the forensic essentials, the criticality in determining the cause and manner of death; the unique aspects of investigating a child homicide, interviewing and interrogation; methods to develop the suspect pool and the role and importance of the prosecutor in gaining appropriate convictions.

Rate: \$325 (The fee includes program materials and instructional costs.)

Registration: NCJTC uses an online registration system.

To register, visit www.ncjtc.org/CHI.

If you experience problems, have questions regarding online registration, or do not have Internet access, contact (888) 370-1752 or email info@ncjtc.org.

THREE ADVANCED TRAINING INSTITUTES 8:00 AM – 4:30 PM

Presented by The American Professional Society on the Abuse of Children (APSAC)

E1: ADVANCED ISSUES IN CHILD SEXUAL ABUSE—*Debra Esernio-Jenssen, Barbara Knox*

Important current and emerging issues in child sexual abuse—what’s new, what’s novel, and what needs improvement. Included will be a review of the current scientific literature regarding timing and types of forensic collections, advances in sexually transmitted infections (STI) testing including current recommendations, and the significance of anogenital findings. In addition, updates of child trafficking and the medical evaluation will be reviewed. Finally, sexualization of children in the media and how it relates to child sexual abuse will be explored.

E2: INTERVIEWING RELUCTANT CHILDREN: RESEARCH AND PRACTICE IMPLICATIONS—*Patti Toth, Julie Kenniston*

Explore the different digital media that children might be exposed to in sexual exploitation and child abuse cases, manage your victim from investigation to trial and protect your victim in the age of digital technology including text messaging, internet, and social networking sites. The multi-disciplinary team can work together to manage victims as they navigate their way through the criminal justice system. Sometimes digital technology is used in an attempt to discredit victims, outlining prosecutors’ best practices to prevent attacks, and the way to manage them when they occur.

E3: TAKE THREE-COGNITIVE PROCESSING: ADVANCED CLINICAL STRATEGIES FOR THE COGNITIVE BEHAVIORAL THERAPY (CBT) TRAUMA THERAPIST—*Monica Fitzgerald, Marcela Torres*

Seasoned clinicians often voice challenges and frustration helping maltreated and trauma-exposed youth and their caregivers combat distorted, inaccurate, and unhelpful thinking patterns related to their trauma experiences. This institute offers specific cognitive restructuring strategies and techniques (e.g., Socratic Questioning, Responsibility Pie, Best Friend Role Play, evidence gathering and thought experiments) to help youth and caregivers contextualize and make meaning of traumatic experiences. Specific steps and innovative strategies will be taught, modeled, and practiced in this session with challenging clinical case examples. Therapists are encouraged to bring real case examples of problematic thinking to practice applying new strategies within small and large groups. All therapists using Cognitive Behavioral Therapy (CBT) interventions will benefit from strategies offered, and clinicians who are familiar with Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) will learn how to skillfully incorporate these cognitive processing techniques into the implementation of the model. Audiotaped and videotaped clinical examples will be used to demonstrate skills. Therapists will leave the session equipped with fresh ideas and skills to apply to their complex trauma cases involving children of varying ages (preschool to adolescent).

Rates: APSAC Member \$165 • Non-member \$200

Register directly with APSAC at www.apsac.org

Registration Deadline: January 21, 2015. After that, please register onsite.

CHILD ABUSE 101 8:00 AM – 4:30 PM

*Presenters: Diana Faugno, Coleen Friend, Rachel Gilgoff, Shelley Hamilton, Donna Pence,
Julie Robbins*

Presented by the California Chapter of APSAC (CAPSAC)

The latest overview on identifying and intervening with physical abuse, sexual abuse, emotional abuse and neglect from a multidisciplinary perspective and understanding of how various types of abuse occur, and the role and responsibilities of the various professionals, agencies and court systems as they work together on child abuse cases. An interdisciplinary team will present current information to prepare you for advanced sessions.

THE WITCH-HUNT NARRATIVE: POLITICS, PSYCHOLOGY, AND THE SEXUAL ABUSE OF CHILDREN
—*Ross Cheit, JD, PhD, Professor of Political Science and Public Policy, Brown University, Providence, RI*

Politics, psychology, and the sexual abuse of children empirically challenges the view that a series of high-profile cases in the 1980s and early 1990s were hoaxes. Shows how a narrative based on empirically thin evidence became a theory with real social force, and how that theory stood at odds with the reality of child sexual abuse.

10:00–11:30 AM

HOW DO YOU CARE FOR A "WILD CHILD"?: FORMING A HEALING TEAM

—*Sharon Behrens*

Sharon Behrens, adoptive & foster parent, discovered the miraculous ability of children to heal through her own experiences raising Mia.

WHAT DOES IT FEEL LIKE TO BE A "WILD CHILD"?: FINDING HOPE AND RESILIENCE

—*Mia Behrens*

Mia, a gravely traumatized child, known in psychiatric literature as "the Wild Child", now speaks out with her mother about the formation of the "Healing team" and the process of becoming a triumph after tragedy. Together they make real the experience of the step-by-step transformation that gives hope to those experiencing trauma and those serving children. Mia's journey from "Wild Child" to a caring, productive woman has been documented in literary accounts and a February 2009 CBS Nightly News segment with Katie Couric. This story was nominated for an Emmy in 2010.

GENERAL SESSION

10:00–11:30 AM

THE 2015 DAVID L. CHADWICK ENDOWED LECTURE

A FINE BALANCE

—*Cindy W. Christian, MD, The Children's Hospital of Philadelphia Endowed Chair In Prevention Of Child Abuse and Neglect, and Professor of Pediatrics at The Perelman School of Medicine at The University of Pennsylvania, Philadelphia, PA*

A review of the balances required in thinking about child welfare work: nurture vs. nature, child vs. parent's rights, of truth and lies, and rules and exceptions. The work of child protection requires constant consideration of alternatives, and balancing these options is vital for the well-being of children.

WILLIAM N. FRIEDRICH 11:45 AM–12:45 PM MEMORIAL LECTURE & LUNCHEON (PRE-REGISTRATION)

Presented by Mayo Clinic Child and Family Advocacy Program, Rochester, MN
