## 3. DEFINITIONS

Terms used in this Instruction are defined in enclosure 2.

## 4. POLICY

4.1. This Instruction implements policy established in reference (b).

4.2. This Instruction is not intended to, and does not, create any entitlement, cause of action, or defense in favor of any person arising out of the failure to accord to a victim or a witness the assistance outlined in this Instruction. No limitations are hereby placed on the lawful prerogatives of the Department of Defense or its officials.

## 5. RESPONSIBILITIES

5.1. The Under Secretary of Defense for Personnel and Readiness (USD(P&R)) shall:

5.1.1. Develop overall policy for victim and witness assistance and monitor compliance with this Instruction.

5.1.2. Approve procedures developed by the Secretaries of the Military Departments that implement this Instruction and are consistent with section 6., below.

5.1.3. Change, reissue, or amend this Instruction, as required.

5.1.4. Ensure the Defense Manpower Data Center assists in formulating a data collection mechanism to track and report victim notifications from initial contact through investigation, prosecution, confinement, and release.

5.1.5. Establish an interdisciplinary Victim and Witness Assistance Council.

5.1.5.1. The Council shall provide a forum for the exchange of information, consider victim and witness assistance policies, and provide liaison with the Department of Justice Office for Victims of Crime.

5.1.5.2. The membership of the Council shall be selected from members of the Armed Forces and other DoD employees having expertise in the disciplines and professions addressed in subparagraph 5.2.6., below. The Council shall meet quarterly or at the call of the chair.

5.2. The Secretaries of the Military Departments and the Heads of the DoD Components shall:

5.2.1. Ensure compliance with this Instruction and establish policies and procedures to implement the victim and witness assistance program within their Component.

5.2.2. Designate the Component responsible official, as defined in enclosure 2, for the victim and witness assistance program, who shall report annually to the USD(P&R) using DD Form 2706, "Victim and Witness Assistance Annual Report" (enclosure 8).

5.2.3. Provide for the assignment of personnel in sufficient numbers to enable those programs identified in 10 U.S.C. 113 note (reference (g)) to be carried out effectively.

5.2.4. Designate a central repository for confinee information, as defined in item E2.1.1. of enclosure 2, for each Military Service, and establish procedures to ensure victims who so elect are notified of changes in inmate status.

5.2.6. Establish a Victim and Witness Assistance Council, when practicable, at each military installation, to ensure victim and witness service providers follow an interdisciplinary approach. These providers may include law enforcement personnel, criminal investigators, chaplains, family advocacy personnel, emergency room personnel, family service center personnel, equal opportunity personnel, judge advocates, unit commanding officers, corrections personnel, and other persons designated by the Secretaries of the Military Departments.

5.2.7. Establish a training program to ensure the providers listed in subparagraph 5.2.6., above, receive instruction to assist them in complying with this Instruction.

5.2.8. Ensure that local responsible officials are designated. The local responsible official (also referred to as Victim/Witness Coordinator or Victim/Witness Liaison) shall coordinate the effort to ensure that systems are in place at the installation level to provide information on available benefits and services, assistance in obtaining those benefits and services, and other services required in section 6., below. The local responsible official may delegate the duties as appropriate, but retains responsibility to coordinate the delivery of required services. To coordinate the delivery of services, the local responsible official may use an interdisciplinary approach involving the various service providers listed in subparagraph 5.2.6., above.

5.2.9. Establish oversight procedures to ensure establishment of an integrated support system capable of providing the services outlined in section 6., below. Such oversight could include coverage by Military Service or organizational Inspectors General, staff assistance visits, surveys, and status reports.

5.3. The Inspector General of the Department of Defense shall oversee the development of investigative policy and perform appropriate oversight reviews of the management of the victim and witness assistance program by the DoD criminal investigative organizations. This is not intended to substitute for the routine managerial oversight of the program provided by the DoD criminal investigative organizations, the USD(P&R), the Heads of the DoD Components, the Component responsible officials, or the local responsible officials.

## 6. PROCEDURES

6.1. Initial Information and Services to be Provided to Victims and Witnesses. At the earliest opportunity after identification of a crime victim or witness, the local responsible official, law enforcement officer, or criminal investigation officer shall provide the following services to each victim and witness, as appropriate: The DD Form 2701, "Initial Information for Victims and Witnesses of Crime," (enclosure 3) or computer-generated equivalent shall be used as a handout to convey basic information and points of contact and shall be recorded on the appropriate form authorized for use by the particular Service. This serves as evidence that the officer notified the victim or witness of his or her statutory rights. The following services shall also be provided by the local responsible official or designee:

6.1.1. Information about available military and civilian emergency medical and social services, victim advocacy services for victims of domestic violence and sexual assault, and, when necessary, assistance in securing such services.

6.1.2. Information about restitution or other relief a victim may be entitled to under references (d) and (e), or other applicable laws, and the manner in which such relief may be obtained.

6.1.3. Information to victims of intra-familial abuse offenses on the availability of limited transitional compensation benefits and possible entitlement to some of the active duty member's retirement benefits under 10 U.S.C. 1058, 1059, 1408 (reference (g)) and DoD Instruction 1342.24 (reference (h)).

6.1.4. Information about public and private programs that are available to provide counseling, treatment, and other support, including available compensation through Federal, State, and local agencies.

6.1.5. Information about the prohibition against intimidation and harassment of victims and witnesses, and arrangements for the victim or witness to receive reasonable protection from threat, harm, or intimidation from a suspected offender and from people acting in concert with or under the control of the suspected offender.

6.1.6. Information concerning military and civilian protective orders, as appropriate.

6.1.7. Information about the military criminal justice process, the role of the victim or witness in the process, and how the victim or witness can obtain additional information concerning the process and the case.

6.1.8. If necessary, assistance in contacting the people responsible for providing victim and witness services and relief.

6.2. Information to be Provided During Investigation of a Crime. If the victim or witness has not already received the DD Form 2701 from law enforcement officials, it shall be used by investigators as a handout to convey basic information and points of contact. The date it is given to the victim or witness is reportable and shall be recorded on the appropriate form authorized for use by the particular Service. This serves as evidence that the officer notified the victim or witness of his or her statutory rights. Law enforcement investigators and criminal investigators shall inform all victims and witnesses, as appropriate, of:

6.2.1. The status of the investigation of the crime, to the extent providing such information does not interfere with the investigation.

6.2.2. The arrest of the suspected offender.

6.2.3. A decision not to pursue further investigation.

6.3. Information and Services to be Provided Concerning the Prosecution of a Crime

6.3.1. If applicable, the following shall be provided by Government trial counsel or designee to victims and witnesses:

6.3.1.1. Consultation concerning the decision not to prefer charges against the suspected offender.

6.3.1.2. Consultation concerning the disposition of the offense if other than a court-martial.

6.3.1.3. The decision to pursue court-martial charges against the suspected offender. The DD Form 2702, "Court-Martial Information for Victims and Witnesses," (enclosure 4) shall be used as a handout to convey basic information about the court-martial process. The date it is given to the victim or witness is reportable and shall be recorded on the appropriate form authorized for use by the particular Service.

6.3.1.4. Notification of the initial appearance of the suspected offender before a judicial officer at a pretrial confinement hearing or at an Article 32, Uniform Code of Military Justice (UCMJ), investigation (10 U.S.C. 832, reference (c)).

6.3.1.5. Notification of the release of the suspected offender from pretrial confinement.

6.3.1.6. Consultation concerning the decision to refer or not to refer the charges against the suspected offender to trial by court-martial.

6.3.1.7. Explanation of the court-martial process upon referral to trial.

6.3.1.8. Prior to the actual court-martial, assistance in obtaining available services such as transportation, parking, child care, lodging, and courtroom translators or interpreters that may be necessary to allow the victim or witness to participate in court proceedings.

6.3.1.9. During the court proceedings, provide a private waiting area out of the sight and hearing of the accused and defense witnesses. In the case of proceedings conducted aboard ship or in a deployed environment, provide a private waiting area to the greatest extent practicable.

6.3.1.10. Notification of the scheduling, including changes and delays, of each investigation pursuant to Article 32, UCMJ (reference (c)), and each court proceeding the victim is entitled to or required to attend. Upon request of a victim or witness whose absence from work or inability to pay an account is caused by the crime or cooperation in the investigation or prosecution, the employer or creditor of the victim or

witness shall be informed of the reasons for the absence from work or inability to make timely payments on an account. This requirement does not create an independent entitlement to legal assistance or a legal defense against claims of indebtedness.

6.3.1.11. Consultation concerning any decision to dismiss charges or to enter into a pretrial agreement.

6.3.1.12. Notification of the disposition of the case, to include the acceptance of a plea of "guilty," the rendering of a verdict, or the withdrawal or dismissal of charges.

6.3.1.13. Notification to victims of the opportunity to present to the court at sentencing, in compliance with applicable law and regulations, a statement of the impact of the crime on the victim, including financial, social, psychological, and physical harm suffered by the victim.

6.3.1.14. After court proceedings, take appropriate action to ensure that property of a victim or witness held as evidence is safeguarded and returned as expeditiously as possible.

6.3.1.15. Notification of the offender's sentence and general information regarding minimum release date, parole, clemency, and mandatory supervised release, if applicable.

6.3.2. Except for information that is releasable under paragraph 6.2. and subparagraph 6.3.1., requests for information relating to the investigation and prosecution of a crime (e.g., investigative reports and related documents) from a victim or witness shall be processed in accordance with DoD 5400.7-R (reference (f)). The local responsible official may authorize release of a copy of the record of trial without cost to a victim when necessary to lessen the physical, psychological, or financial hardships suffered as a result of a criminal act.

6.3.3. Any consultation or notification required by subparagraph 6.3.1. may be limited to avoid endangering the safety of a victim or witness, jeopardizing an ongoing investigation, disclosing classified or privileged information, or unduly delaying the disposition of an offense. Although the victim's views should be considered, this Instruction is not intended to limit the responsibility or authority of the Military Service or the Defense Agency officials to act in the interest of good order and discipline.

6.4. Information and Services to be Provided Upon Order to Confinement. The following services shall be provided by the Government trial counsel or designee to victims and witnesses upon sentencing of an offender to confinement in a court-martial: The DD Form 2703, "Post-Trial Information for Victims and Witnesses," (enclosure 5) shall be used as a handout to convey basic information about the post-trial process. The date it is given to the victim or witness is reportable and shall be recorded

on the appropriate form authorized for use by the particular Service. When appropriate, the following shall be provided to victims and witnesses:

6.4.1. General information regarding convening authority action, the corrections process, information about work release, furlough, probation, parole, mandatory supervised release, or other forms of release from custody, and eligibility for each.

6.4.2. Specific information regarding the election to be notified of changes in inmate status. The DD Form 2704, "Victim/Witness Certification and Election Concerning Inmate Status," (enclosure 6) shall be used for victims and appropriate witnesses (those who fear harm by the offender) to elect to be notified of changes in the offender's status in confinement. For all cases resulting in a sentence to confinement, the DD Form 2704 shall be completed and forwarded to the Service central repository, the gaining confinement facility, the local responsible official, and the victim or witness, if any. The date it is given to the victim or witness is reportable and shall be recorded on the appropriate form authorized for use by the particular Service. Do not allow the inmate access to DD Forms 2704 or 2705 or attach a copy of the forms to any record to which the confinee has access. Doing so could endanger the victim or witness. The DD Forms 2704 and 2705 are exempt from release under reference (f).

6.5. Information and Services to be Provided Upon Entry into Confinement Facilities. The victim and witness assistance coordinator at the military confinement facility shall:

6.5.1. On entry of an offender into post-trial confinement, obtain the DD Form 2704 to determine victim or witness notification requirements. If the form is unavailable, ask the Service central repository whether any victim or witness has requested notification of changes in inmate status in the case.

6.5.2. When a victim or witness has requested notification of changes in inmate status on the DD Form 2704, and that status changes as listed in subparagraphs 6.5.2.1. through 6.5.2.6., below, use the DD Form 2705, "Victim and Witness Notification of Changes in Inmate Status," (enclosure 7) to notify the victim or witness. The date it is given to the victim or witness is reportable and shall be recorded on the appropriate form authorized for use by the particular Service to comply with the reporting requirement in subparagraph 6.6.1.5. Provide the earliest possible notice of:

6.5.2.1. The scheduling of a clemency or parole hearing for the inmate.

6.5.2.2. The transfer of the inmate from one facility to another.

6.5.2.3. The escape (and subsequent return to custody), work release, furlough, or any other form of release from custody of the inmate.

6.5.2.4. The release of the inmate to parole supervision.

6.5.2.5. The death of the inmate, if the inmate dies while in custody.

6.5.2.6. A change in the scheduled release date of more than 30 days from the last notification due to a disposition or disciplinary and adjustment board.

6.5.3. Make reasonable efforts to notify all victims and witnesses who have requested notification of changes in inmate status of any emergency or special temporary home release granted an inmate.

6.5.4. On transfer of an inmate to another military confinement facility, forward the DD Form 2704 to the gaining facility, with an information copy to the Service central repository.

6.5.5. Annually report the status of victim and witness notification requests to the Service central repository as required by section 7., below.

#### 6.6. Reporting Procedures

6.6.1. To comply with the requirements of references (d), (e), and (g), the Component responsible official shall submit an annual report using the DD Form 2706 (enclosure 8) to the following address: The Under Secretary of Defense for Personnel and Readiness, Attention: Legal Policy Office, 4000 Defense Pentagon, Washington, DC 20301-4000. The report shall be submitted by March 15 for the preceding calendar year and shall address the assistance provided victims and witnesses of crime. The report shall include the following:

6.6.1.1. The number of victims and witnesses who received a DD Form 2701 from law enforcement or criminal investigations personnel.

6.6.1.2. The number of victims who received a DD Form 2702 from Government trial counsel or designee.

6.6.1.4. The number of victims and witnesses who elected via the DD Form 2704 to be notified of changes in inmate status.

6.6.1.5. The number of victims and witnesses who were notified of changes in inmate status by the confinement Victim Witness Assistance Coordinators via the DD Form 2705 or a computer-generated equivalent.

6.6.1.6. The cumulative number of inmates in each Service for whom victim witness notifications must be made by each Service's confinement facilities. These numbers are derived by totaling the number of inmates with victim or witness notification requirements at the beginning of the year, adding new inmates with the requirement, and then subtracting those confinees who were released, deceased, or transferred to another facility (Federal, State, or sister Service) during the year.

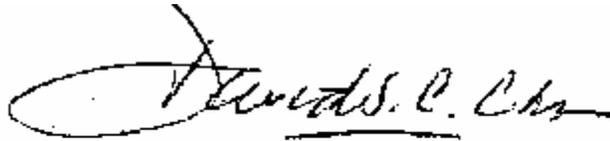

6.6.2. The Office of the USD(P&R) shall consolidate all reports submitted pursuant to paragraph 6.6., above, and submit an annual report to the Office for Victims of Crime, Department of Justice.

DEPARTMENT OF  
DEFENSE

INITIAL  
INFORMATION FOR  
VICTIMS AND WITNESSES  
OF CRIME

Initial Information  
For Victims and Witnesses of Crime

Introduction. We are concerned about the problems often experienced by victims and witnesses of crime. We know that as a victim or witness, you may experience anger, frustration, or fear as a result of your experience. The officer responsible for Victim/Witness Assistance at your installation can help.

We have prepared this brochure to help you deal with the problems and questions which often surface during an investigation and to provide you with a better understanding of how the military criminal justice system works. Your continued assistance is really needed and appreciated.

A criminal investigation can be both complex and lengthy and may involve several agencies, some Federal and some local. If you request, you will be kept informed of the status of your case by the investigator handling your case. His or her name is on the back of this brochure.

If You Are Threatened Or Harassed. If anyone threatens you or you feel that you are being harassed because of your cooperation with this investigation, contact the investigator or the Victim/Witness Responsible Official right away. It is a crime to threaten or harass a victim or witness.

If You Were Insured. If you do not have insurance to pay the cost of your medical or counseling bills, or related expenses, the state Crime Victim Compensation office may be able to assist. The telephone number for this office is on the back of this brochure.

If You Were a Victim of Spouse or Child Abuse or Sexual Assault. For your safety, you may want a restraining order, or temporary shelter. For information about these steps or about counseling services, call the Victim/Witness Responsible Official. If the offender is convicted or discharged for abusing you or your children, you may be eligible for "transitional compensation" benefits. Contact the prosecutor identified on the back of this brochure for further information.

Restitution. If an individual is arrested and prosecuted in federal court, you may be eligible for restitution. Restitution is court-ordered payment to you as a victim of crime. It is made by the offender for any out of pocket expenses caused by the crime. Restitution cannot be ordered as a sentence in a military court-martial, but it can be used as a condition of a pre-trial agreement to plead guilty to an offense, or as a condition of clemency or parole.

If Property Was Stolen. If your property was stolen, we hope to recover it as part of our investigation. If we do, we will notify you and return it to you as quickly as possible. Sometimes property needs to be held as evidence for trial. We will return your property once it is no longer needed as evidence.

If You Need Assistance With Your Employer or Command. If you have problems at work because of the crime or the investigation, we can contact your employer or Commanding Officer to discuss the importance of your role in the case.

If An Arrest Is Made. If you ask, you will be notified if a suspect is arrested. Since criminal defendants may be released before trial, you can ask for a restraining order to help protect you from the suspect.

Trial. Once an offense has been referred to trial, you will be contacted by the military trial counsel (prosecutor) or the Assistant U.S. Attorney assigned to handle your case, as appropriate. Each command and U.S. Attorney has a Victim/Witness Responsible Official to help answer your questions and deal with your concerns during the prosecution. You have the right to be consulted at key stages in the trial and will be informed of these rights by trial counsel.

Confinement. If the accused is sentenced to confinement (prison), you have a right to notification of changes in the confinee's status. Use a DD Form 2704, "Victim/Witness Certification and Election Concerning Inmate Status", to request that the confinement facility notify you of parole hearings, escape, release, or death of the confinee.

The Emotional Impact of Crime. Many victims and witnesses are emotionally affected by the crime. Although everyone reacts differently, victims and witnesses report some common behaviors, such as

E4. ENCLOSURE 4

Sentencing.

In this phase, the judge or members (jury) decide the appropriate types and amount of punishment. The Trial Counsel may call witnesses to show aggravating factors concerning the offenses. The defense may call witnesses to show the offense may be less serious than otherwise indicated. You may be asked to return to the witness stand and testify as to how the crime has affected you. This may include the emotional, physical and financial suffering you experienced.

Punishment.

The court-martial ends when the judge reads the sentence to the accused. Normally, any confinement ordered begins at the time the sentence is announced. Other parts of the sentence, such as forfeitures of pay and reduction in rank, take effect after the "convening authority", usually a senior officer, takes "action" on the case. This generally occurs within two to three months, but can take longer in more complex cases.

If the accused is sentenced to prison, you have additional rights to notification of any changes in the inmate's status. These will be explained to you by the Trial Counsel or a designated representative.

If the offender is convicted or discharged for abusing you or your children, you may be eligible for "transitional compensation" benefits. Contact the Trial Counsel for an application (DD Form 2707) and for further information.

Your Participation

You may choose to participate in the trial at several stages. You may ask to be:

- Notified of and be present at all public court proceedings;
- Consulted on pre-trial confinement of accused and release of accused from pre-trial confinement;
- Contacted about the proposed dismissal of any and all charges;
- Consulted on decision not to prosecute;
- Contacted regarding the proposed terms of any negotiated plea;
- Consulted on proposed terms of any pre-trial agreement;
- Notified of the acceptance of a guilty plea; to present to the court evidence on sentencing;
- Informed about the conviction, sentencing, and imprisonment of the accused.

COURT-MARTIAL  
INFORMATION FOR  
VICTIMS AND WITNESSES  
OF CRIME

DD FORM 2702, MAY 2004

Court-Martial Information  
For Victims and Witnesses of Crime

Introduction

The Department of Defense is concerned about the problems often experienced by victims and witnesses of crime. We know that as a victim or witness, you may feel anger, confusion, frustration, or fear as a result of *your* experience and then feel added frustration in the course of the trial. The information in this brochure will explain the criminal justice procedures, and your role as a witness.

In the military, a prosecutor is called the Trial Counsel. The Trial Counsel's office will make every effort to keep you informed of the times and places you may be needed. However, it is not unusual for court dates to change several times before the trial. It is very important to keep the Trial Counsel informed of your current address and telephone number.

Referral of Charges

Like a civilian criminal "complaint," the referral of charges begins the criminal trial process. Upon referral, you may participate in the case at several points as outlined below.

Pretrial Conference

You will be asked to speak with the Trial Counsel handling the case at least once before you testify. The Trial Counsel will answer any questions you may have at this time, and will tell you what will be expected of you as a witness.

Article 32 Hearing

Serious crimes are dealt with in a "General" court-martial which includes an "Article 32" hearing. Similar to a grand jury hearing, an Article 32 hearing is the preliminary investigation into the charges to determine if reasonable grounds exist to believe the accused committed the crimes charged. In the Article 32 hearing, testimony is given to an Investigating Officer (IO), rather than a judge or jury. You may have to appear at the hearing and testify under oath regarding what you know about the charges. After the Article 32 hearing, the IO recommends whether to "refer" (send) the case to trial. In less serious cases, the preliminary hearing is not required and cases are referred to a Special Court-Martial.

Court-Martial

This is the trial of the accused. It generally has two parts: findings (guilty or not guilty) and sentencing (punishment). In the findings phase the accused has the right to choose whether a Military Judge sitting alone or a panel of "members" (jury) will decide whether the accused is guilty of any offenses.

Testimony

If you testify, you will be placed under oath and asked questions by the Trial Counsel, and, in most cases, cross-examined by the Defense Counsel. Usually, counsel for both sides will have spoken to you prior to testifying so there will be very few surprises. If you have concerns about embarrassing questions that could be asked, tell the Trial Counsel before trial.

Pointers When Testifying

- Dress Appropriately: Be neat. Dress conservatively.
- Tell the Truth: Honesty is the best policy.
- Speak Clearly and Loudly: Everyone in the courtroom must be able to hear what you have to say. No gum chewing.
- Don't Guess or Speculate: If you don't know, say you don't know. Give positive, definite answers when you remember positively.
- Be Courteous: Answer politely and address the judge as "Your honor."
- Don't Lose Your Temper: Stay calm.

Closing Argument

After all evidence is received by the court, each side makes a closing argument. After argument, the judge or members will adjourn to deliberate on the issue of guilt or innocence. If there is a finding of "not guilty," the accused is released and the court-martial process ends. If there is a finding of "guilty," the trial immediately goes to the sentencing phase.

POST-TRIAL  
INFORMATION FOR  
VICTIMS AND WITNESSES  
OF CRIME

DD FORM 2703, MAY 2004

Post-Trial Information  
For Victims and Witnesses of Crime

Introduction

This brochure details the post-trial process and your rights in that process. Most important is your right to be notified of changes in the confinement status of the offender in your case.

Location of Confinement Facility

The Victim and Witness Assistance Program does not end with the completion of the court-martial. If the accused is convicted of any offense, the court-martial will sentence the accused. If the sentence includes confinement, the accused, now called "inmate", is usually taken immediately to jail. If there is a confinement facility at the installation where the trial was held, the inmate will be held there temporarily.

Depending on the security level of the inmate, he/she may be assigned to various work details around the installation. If the inmate's period of confinement is minimal, and there are adequate facilities on the installation, the inmate may serve the entire sentence at the installation.

If there is no confinement facility at the installation, the facility is not adequate to house the inmate, or the sentence is in excess of what is handled at the installation, he/she will be taken to a regional confinement facility. The inmate may later be transferred to other facilities available,

DD FORM 2703 MAY 2004 (BACK)

based on length of sentence, programs and security levels. You will be notified of these changes if you fill out a form called DD Form 2704, "Victim/Witness Certification and Election Concerning Inmate Status." It is very important that you keep the confinement facility informed of your current address and telephone number.

Convening Authority Action

The other parts of the sentence (e.g., forfeitures of pay, reduction in rank) will not be effective until the "convening authority", usually a senior officer, takes "action" on it, generally within 6 to 9 months. The convening authority may disapprove the findings, disapprove or reduce any part of the sentence, or approve everything except a punitive discharge. The convening authority cannot increase any part of the sentence. You have the right to submit a statement to the convening authority on how you feel about the Inmate receiving clemency. You can ask the Trial Counsel about this right.

Clemency and Parole Consideration

Military inmates are eligible for parole consideration when they have completed 1/3 of their confinement, and every year thereafter. You may make a statement to the Clemency and Parole Board on how the crime affected you. The statement may be on audio or video tape or in writing and may be sent to the Service Clemency and Parole Board at the address on the back of this page.

A personal appearance before the Board may

also be permitted.

Notification Rights

You have the right to be notified in writing of the following changes in the Inmate's status: transfer to another facility, parole, escape, release from confinement, or death while in confinement. If the Inmate is released on temporary home leave (for example, to visit a dying parent), the confinement facility will make every effort to notify you in advance.

How To Exercise Your Rights

If you want to exercise these rights, and be notified of the dates of any clemency and parole hearings, and changes in the Inmate's status, you must fill out DD Form 2704, "Victim/Witness Certification and Election Concerning Inmate Status." You MUST notify the Service Central Repository of all address and telephone number changes if you want to receive notices. This information will be kept confidential.

Points of Contact

From now on, your point of contact will be on confinement facility or the Service Central Repository listed on the back of this page. Please call if you have any questions.

## **DEPARTMENT OF DEFENSE**

## **INITIAL INFORMATION FOR VICTIMS AND WITNESSES OF CRIME**

**Initial Information**  
**For Victims and Witnesses of Crime**

**Introduction.** We are concerned about the problems often experienced by victims and witnesses of crime. We know that as a victim or witness, you may experience anger, frustration, or fear as a result of your experience. The officer responsible for Victim/Witness Assistance at your installation can help.

We have prepared this brochure to help you deal with the problems and questions which often surface during an investigation and to provide you with a better understanding of how the military criminal justice system works. Your continued assistance is greatly needed and appreciated.

A criminal investigation can be both complex and lengthy and may involve several agencies, some Federal and some local. If you request, you will be kept informed of the status of your case by the investigator handling your case. His or her name is on the back of this brochure.

**If You Are Threatened Or Harassed.**

If anyone threatens you or you feel that you are being harassed because of your cooperation with this investigation, contact the investigator or the Victim/Witness Responsible Official right away. It is a crime to threaten or harass a victim or witness.

**If You Were Injured.** If you do not have insurance to pay the cost of your medical or counseling bills, or related expenses, the state Crime Victim Compensation office may be able to assist.

**If You Were a Victim of Spouse or Child Abuse.**

For your safety, you may want a restraining order, or temporary shelter. For information about these steps or about counseling services, call the Victim/Witness Responsible Official. If the offender is convicted or discharged for abusing you or your children, you may be eligible for "transitional compensation" benefits. Contact the prosecutor identified on the back of this brochure for further information.

**Restitution.** If an individual is arrested and prosecuted in federal court, you may be eligible for restitution. Restitution is court-ordered payment to you as a victim of crime. It is made by the offender for any out of pocket expenses caused by the crime. Restitution cannot be ordered as a sentence in a military court-martial, but it can be used as a condition of a pre-trial agreement to plead guilty to an offense, or as a condition of clemency or parole.

**If Property Was Stolen.** If your property was stolen, we hope to recover it as part of our investigation. If we do, we will notify you and return it to you as quickly as possible. Sometimes property needs to be held as evidence for trial. We will return your property once it is no longer needed as evidence.

**If You Need Assistance With Your Employer or Command.** If you have problems at work because of the crime or the investigation, we can contact your employer or Commanding Officer to discuss the importance of your role in the case.

**If An Arrest Is Made.** If you ask, you will be notified if a suspect is arrested. Since criminal defendants may be released before trial, you can ask for a restraining order to help protect you from the suspect.

**Trial.** Once an offense has been referred to trial, you will be contacted by the military trial counsel (prosecutor) or the Assistant U.S. Attorney assigned to handle your case, as appropriate. Each command and U.S. Attorney has a Victim/Witness Responsible Official to help answer your questions and deal with your concerns during the prosecution. You have the right to be consulted at key stages in the trial and will be informed of these rights by trial counsel.

**Confinement.** If the accused is sentenced to confinement (prison), you have a right to notification of changes in the confinee's status. Use a DD Form 2704, "Victim/Witness Certification and Election Concerning Inmate Status", to request that the confinement facility notify you of parole hearings, escape, release, or death of the confinee.

**The Emotional Impact of Crime.** Many victims and witnesses are emotionally affected by the crime. Although everyone reacts differently, victims and witnesses report some common behaviors, such as

MEMORANDUM FOR SECRETARIES OF THE MILITARY DEPARTMENTS

SUBJECT: Legal Assistance for Victims of Crimes

By correspondence dated May 27, 2011, I asked you to provide input regarding the implementation of the Secretary of Defense's determination that the Services could provide significant legal assistance to victims of crime, including sexual assault. I also posed a series of questions to you designed to gauge the impact that this would have upon your operations and what impediments might limit full implementation.

Thank you for your candid and comprehensive responses. Based upon your comments, I have concluded the Services can provide, and in most cases are already providing, legal assistance to victims of crimes including sexual assault, consistent with the scope of representation as set forth below and in the attachment to my May 27, 2011 memorandum. I have concluded also you can do so without significant additional training and/or expense and without statutory amendment.

The types of legal assistance contemplated include consultation addressing the topics below for those otherwise entitled to legal assistance:

(1) the Victim Witness Assistance Program (VWAP), including the rights and benefits afforded the victim;

(a) the role of the Victim/Witness Advocate or Liaison and what privileges do or do not exist between the victim and the Advocate or Liaison;

(b) the nature of the communication made to the Victim/Witness Advocate or Liaison as opposed to those made to the Legal Assistance Attorney;

(2) the differences between the two types of reporting in sexual assault cases;

(3) the military justice system, including the roles and responsibilities of the trial counsel, the defense counsel, and investigators. This may include the ability of the Government to compel cooperation and testimony;

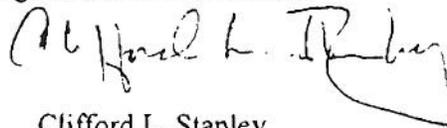

(4) services available from appropriate agencies or offices for emotional and mental health counseling and other medical services;

(5) the availability of, and any protections offered by, civilian and military restraining orders;

(6) eligibility for and benefits potentially available as part of the transitional compensation benefits found in section 1059 of Title 10, United States Code, and other state and federal victims' compensation programs; and

(7) traditional forms of legal assistance.

In view of this, I request that you provide, or continue to provide, legal assistance to victims of crime consistent with available expertise, existing organizational structures and your ability to minimize conflicts of interest in this representation. I request further that you revise, to the extent required, your legal assistance regulations to reflect same.

STANDARDS FOR VICTIM ASSISTANCE PERSONNEL

1. COMPETENCY STANDARDS

a. General. Victim assistance personnel are expected to maintain standards of competence. They provide victim assistance services in accordance with DoD and Military Service qualification requirements, such as education, training, or relevant experience. Victim assistance personnel must exercise careful judgment, apply flexibility and innovative problem-solving, and take appropriate precautions to protect victims' welfare under the guiding principle of "do no harm."

b. Communication. Victim assistance personnel communicate effectively with victims by:

(1) Recognizing and understanding the basic principles of effective communication, including verbal, nonverbal, and cultural variation.

(2) Listening attentively to the victims and using the information they provide to offer appropriate assistance and provide information and resources that the victim may elect to pursue.

(3) Using effective communication to de-escalate crisis situations, seeking support as necessary so that assessment and assistance planning may take place.

(4) Monitoring their own verbal and nonverbal reactions when communicating with the victim.

(5) Educating and explaining their roles to victims and to other agency personnel that address victims' needs.

(6) Understanding and describing to victims the variety of resources, advocacy, and outreach services available in the immediate vicinity (e.g., on- and off-base financial assistance resources; medical care and counseling; spiritual support services; and social welfare services, which may include child protective services or guardian *ad litem* services, as relevant to the persons served).

c. Response to Victimization. Victim assistance personnel help victims deal with their individual response to victimization by:

(1) Recognizing the range of reactions to victimization (e.g., anger, self-blame, helplessness) and responding to the victim accordingly.

(2) Recognizing the impact of trauma on victims' ability to connect to assistance services and to assist in the military justice or administrative process.

(3) Understanding the relationship dynamics and environmental stressors (e.g., previous victimization, dependence on the perpetrator) as these relate to victim response and resiliency.

(4) Recognizing the importance of victim self-care.

(5) Understanding the impact of specific types of crime or offense on the needs of victims and using specific support, as appropriate, to the type of victimization (i.e., developing and using safety planning, as relevant to the persons being served).

d. Crisis Support. Victim assistance personnel provide support when confronted with a crisis situation by:

(1) Understanding specific program policies and procedures for crisis situations and recognizing what constitutes a crisis or danger to the victim or others.

(2) Listening attentively to allow and accept the victim's retelling of the event in order to appropriately identify a crisis situation.

(3) Understanding and facilitating victim safety, as applicable, to the victim being served.

(4) Recognizing exceptions to Restricted Reporting as contained in DoD Directive 6495.01 (Reference (f)) and DoD Instruction 6400.06 (Reference (g)), applicable privileged communications, and privacy rules and limitations on disclosure of information to other parties in crisis or dangerous situations. Ensure all personally identifiable information (PII) is collected, maintained, disseminated, and used in accordance with DoD 5400.11-R (Reference (h)).

(5) Addressing foreseeable crisis situations (i.e., understanding signs leading to suicidal ideation and attempts and how to appropriately intervene) and contacting appropriate experts, if needed.

(6) Helping victims identify and prepare for potential stressors.

2. ETHICAL STANDARDS. Within the military community, victim assistance personnel are required to abide by standards for appropriate and ethical conduct when performing duties by:

a. Ensuring understanding by the victim that participation in victim assistance services is voluntary.

b. Respecting the privacy of information provided by the victims served or acquired from other sources before, during, and after the course of the professional relationship in accordance with Restricted Reporting, applicable privileged communications, and privacy rules. Ensure all PII is collected, maintained, disseminated, and used in accordance with Reference (h).

- c. Understanding their responsibilities, limitations, and the implications of their actions within the victim assistance setting and perform duties in accordance with applicable laws, regulations, policies, and rights of person(s) served.
- d. Respecting victims' rights and acting accordingly.
- e. Refraining from behaviors that communicate blame or suspicion regarding victim accounts of the crime or offense, condemnation for past behavior, or other judgmental sentiments to the victim.
- f. Avoiding conflicts of interest and disclosing any possible conflict to the appropriate program personnel and victims served.
- g. Not improperly discriminating against a victim for any reason.
- h. Respecting boundaries of the victim assistance role, including distinguishing personal feelings from professional responses, and promoting empowerment of victims rather than rescuing them.

Even proper release of Restricted Reporting information should be limited to those with an official need to know or as authorized by law.

o. Information regarding Unrestricted Reports should only be released to personnel with an official need to know or as authorized by law.

p. The DoD will have two separate document retention schedules for records of Service members who report that they are victims of sexual assault, based on whether the Service member filed a Restricted or Unrestricted Report as defined in Reference (b). The record retention system for Restricted Reports shall protect the Service member's desire for confidentiality.

(1) Document Retention for Unrestricted Reports:

(a) The SARC will enter the Unrestricted Report DD Form 2910, "Victim Reporting Preference Statement," in the Defense Sexual Assault Incident Database (DSAID) (see Glossary in Reference (b)) or the DSAID-interface Military Service data system as an electronic record, where it will be retained for 50 years from the date the victim signed the DD Form 2910. DD Form 2910 is located at the DoD Forms Management Program website at <http://www.dtic.mil/whs/directives/infomgt/forms/index.htm>. The DD Form 2911, "DoD Sexual Assault Forensic Examination (SAFE) Report," shall be retained in accordance with DoDI 5505.18 (Reference (s)).

(b) The SARC will retain a hard copy of the Restricted Report DD Form 2910 for 5 years, consistent with DoD guidance for the storage of personally identifiable information (PII). The 5-year time frame for the DD Form 2910 will start from the date the victim signs the DD Form 2910. However, at the request of a Service member who files a Restricted Report on an incident of sexual assault, the DD Forms 2910 and 2911 filed in connection with the Restricted Report will be retained for 50 years.

q. Any threat to the life or safety of a Service member shall be immediately reported to command and DoD law enforcement authorities (see Glossary) and a request to transfer the victim under these circumstances will be handled in accordance with established Service regulations. DoD recognizes that circumstances may also exist that warrant the transfer of a Service member who makes an Unrestricted Report of sexual assault but may not otherwise meet established criteria for effecting the immediate transfer of Service members. Those Service members may request a transfer pursuant to the procedures in this Instruction.

r. Service members who file an Unrestricted Report of sexual assault shall be informed by the SARC at the time of making the report, or as soon as practicable, of the option to request a temporary or permanent expedited transfer from their assigned command or installation, or to a different location within their assigned command or installation, in accordance with the procedures for commanders in Enclosure 5 of this Instruction.

b. Direct DoD Component implementation of this Instruction in compliance with Reference (b).

c. Direct that Director, SAPRO, be informed of and consulted on any changes in DoD policy or the UCMJ relating to sexual assault.

d. With the Director, SAPRO, update the Deputy Secretary of Defense on SAPR policies and programs on a semi-annual schedule.

e. Direct the creation, implementation, and maintenance of DSAID.

f. Oversee DoD SAPRO in developing DoD requirements for SAPR education, training, and awareness for DoD personnel consistent with this Instruction.

g. Appoint a general or flag officer (G/FO) or Senior Executive Service (SES) equivalent in the DoD as the Director, SAPRO.

h. In addition to the Director, SAPRO, assign a military officer from each of the Military Services in the grade of O-4 or above to SAPRO for a minimum tour length of at least 18 months. Of these four officers assigned to the SAPRO, at least one officer shall be in the grade of O-6 or above *in accordance with Reference (l)*. ~~See Reference (l)~~.

i. Establish a DoD-wide certification program (see Glossary) with a national accreditor to ensure all sexual assault victims are offered the assistance of a SARC or SAPR VA who has obtained this certification.

2. DIRECTOR, DEPARTMENT OF DEFENSE HUMAN RESOURCE ACTIVITY

(DoDHRA). The Director, DoDHRA, under the authority, direction, and control of the USD(P&R), shall provide operational support, budget, and allocate funds and other resources for the DoD SAPRO as outlined in Reference (b).

3. ASSISTANT SECRETARY OF DEFENSE FOR HEALTH AFFAIRS (ASD(HA)). The ASD(HA), under the authority, direction, and control of the USD(P&R), shall:

a. Establish DoD sexual assault healthcare policies, clinical practice guidelines, related procedures, and standards governing the DoD healthcare programs for victims of sexual assault.

b. Oversee the requirements and procedures in Enclosure 7 of this Instruction.

c. Establish guidance to:

(1) Give priority to sexual assault patients at MTFs as emergency cases.

(2) Require standardized, timely, accessible, and comprehensive medical care at MTFs for eligible persons who are sexually assaulted.

(3) Require that medical care is consistent with established community standards for the healthcare of sexual assault victims and the collection of forensic evidence from victims, in accordance with the U.S. Department of Justice Protocol (Reference (w)), instructions for victim and suspect exams found in the SAFE Kit, and DD Form 2911.

(a) Minimum standards of healthcare intervention that correspond to clinical standards set in the community shall include those established in Reference (w). However, clinical guidance shall not be solely limited to this resource.

(b) Healthcare providers providing care to sexual assault victims in theaters of operation are required to have access to the current version of Reference (w).

(4) Include deliberate planning to strategically position healthcare providers skilled in SAFE at predetermined echelons of care, for personnel with the responsibility of assigning medical assets.

d. Establish guidance for medical personnel that requires a SARC or SAPR VA to be called in for every incident of sexual assault for which treatment is sought at the MTFs, regardless of the reporting option.

e. Establish guidance in drafting memorandums of understanding (MOUs) or memorandums of agreement (MOAs) with local civilian medical facilities to provide DoD-reimbursable healthcare (to include psychological care) and forensic examinations for Service members and TRICARE eligible sexual assault victims.

(1) As part of the MOU or MOA, victims shall be asked whether they would like the SARC to be notified and, if notified, a SARC or SAPR VA shall respond.

(2) Local private or public sector providers shall have processes and procedures in place to assess that local community standards meet or exceed the recommendations for conducting forensic exams of adult sexual assault victims set forth in Reference (w) as a condition of the MOUs or MOAs.

f. Establish guidelines and procedures for the Surgeons General of the Military Departments to require that an adequate supply of resources, to include personnel, supplies, and SAFE Kits, is maintained in all locations where SAFEs may be conducted by DoD, including deployed locations. Maintaining an adequate supply of SAFE Kits is a shared responsibility of the ASD(HA) and Secretaries of the Military Departments.

g. Establish minimum standards of initial and refresher SAPR training required for all personnel assigned to MTFs. Specialized responder training is required for personnel providing direct care to victims of sexual assault. Minimum standards shall include trauma-informed care (see Glossary) and medical and mental health care that is gender-responsive, culturally-competent, and recovery-oriented.

(1) Require that sexual assault victims receive appropriate and responsive care and that the SARC serves as the single point of contact for coordinating care for victims.

(2) Direct that the SARC or a SAPR VA be immediately called in every incident of sexual assault on a military installation. There will be situations where a sexual assault victim receives medical care and a SAFE outside of a military installation through an MOU or MOA with a local private or public sector entity. In these cases, the MOU or MOA will require that victims shall be asked whether they would like the SARC to be notified as part of the MOU or MOA, and, if yes, a SARC or VA shall be notified and shall respond.

(3) When a victim has a temporary change of station or permanent change of station or is deployed, direct that SARCs immediately request victim consent in writing to transfer case management documents, which should be documented on the DD Form 2910. Upon receipt of victim consent, SARCs shall expeditiously transfer case management documents to ensure continuity of care and SAPR services. All Federal, DoD, and Service privacy regulations must be strictly adhered to. However, when the SARC has a temporary change of station or permanent change of station or is deployed, no victim consent is required to transfer the case to the next SARC. Every effort must be made to inform the victim of the case transfer. If the SARC has already closed the case and terminated victim contact, no other action is needed.

(4) Upon the full implementation of the DoD Sexual Assault Advocate Certification Program (D-SAACP), sexual assault victims shall be offered the assistance of a SARC and/or SAPR VA who has been credentialed by the D-SAACP and has passed a National Agency Check (NAC) background check.

g. Establish policy that ensures commanders are accountable for implementing and executing the SAPR program at their installations consistent with this Instruction, Reference (b), and their Service regulations.

h. Establish standards and periodic training for healthcare personnel and healthcare providers regarding the Unrestricted and Restricted Reporting options of sexual assault in accordance with Enclosure 10 of this Instruction. Enforce eligibility standards of licensed healthcare providers to perform SAFEs.

i. MCIOs shall submit case disposition data even when the sexual assault case is referred to other DoD law enforcement.

(3) A unit commander who receives an Unrestricted Report of an incident of sexual assault shall immediately refer the matter to the appropriate MCIO. A unit commander shall not conduct internal command directed investigations on sexual assault ( i.e., no referrals to appointed command investigators or inquiry officers) or delay immediately contacting the MCIOs while attempting to assess the credibility of the report.

Direct that Military Service SAPR personnel, to include medical personnel, are appropriately trained on protocols for the use of the SAFE Kit and comply with prescribed chain of custody procedures described in their Military Service-specific MCIO procedures.

m. Establish procedures that require, upon seeking assistance from a SARC, SAPR VA, MCIO, the Victim Witness Assistance Program (VWAP), or trial counsel, that each Service

member who reports that he or she has been a victim of a sexual assault be informed of and given the opportunity to:

(1) Consult with legal assistance counsel, and in cases where the victim may have been involved in collateral misconduct (see Glossary), to consult with defense counsel.

(a) When the alleged perpetrator is the commander or in the victim's chain of command, such victims shall be informed of the opportunity to go outside the chain of command to report the offense to other commanding officers or an Inspector General. Victims shall be informed that they can also seek assistance from the DoD Safe Helpline (see Glossary).

(b) The victim shall be informed that legal assistance is optional and may be declined, in whole or in part, at any time.

(c) Commanders shall require that information and services concerning the investigation and prosecution be provided to victims in accordance with VWAP procedures in DoDI 1030.2 (Reference (x)).

(2) Have a SARC or SAPR VA present when law enforcement or defense counsel interviews the victim.

The record of the proceedings (prepared in accordance with Service regulations) shall be provided without charge and as soon as the record is authenticated. The victim shall be notified of the opportunity to receive the record of the proceedings in accordance with Reference (l).

o. The commanders shall also require that a completed DD Form 2701, "Initial Information for Victims and Witnesses of Crime," be distributed to the victim by DoD law enforcement agents. (DD Form 2701 may be obtained via the Internet at <http://www.dtic.mil/whs/directives/infomgt/forms/efoms/dd2701.pdf>.)

ENCLOSURE 4

REPORTING OPTIONS AND SEXUAL ASSAULT REPORTING PROCEDURES

1. REPORTING OPTIONS. Service members and military dependents 18 years and older who have been sexually assaulted have two reporting options: Unrestricted or Restricted Reporting. Unrestricted Reporting of sexual assault is favored by the DoD. However, Unrestricted Reporting may represent a barrier for victims to access services, when the victim desires no command or DoD law enforcement involvement. Consequently, the DoD recognizes a fundamental need to provide a confidential disclosure vehicle via the Restricted Reporting option. Regardless of whether the victim elects Restricted or Unrestricted Reporting, confidentiality of medical information shall be maintained in accordance with DoD 6025.18-R (Reference (ab)). DoD civilian employees and their family dependents and DoD contractors are only eligible for Unrestricted Reporting and for limited emergency care medical services at an MTF, unless that individual is otherwise eligible as a Service member or TRICARE beneficiary of the military health system to receive treatment in an MTF at no cost to them in accordance with Reference (b).

a. Unrestricted Reporting. This reporting option triggers an investigation, command notification, and allows a person who has been sexually assaulted to access medical treatment and counseling. When a sexual assault is reported through Unrestricted Reporting, a SARC shall be notified, respond or direct a SAPR VA to respond, assign a SAPR VA, and offer the victim healthcare treatment and a SAFE. The completed DD Form 2701, which sets out victims' rights and points of contact, shall be distributed to the victim in Unrestricted Reporting cases by DoD law enforcement agents. If a victim elects this reporting option, a victim may not change from an Unrestricted to a Restricted Report.

b. Restricted Reporting. This reporting option does NOT trigger an investigation. The command is notified that "an alleged sexual assault" occurred, but is not given the victim's name or other personally identifying information. Restricted Reporting allows Service members and military dependents who are adult sexual assault victims to confidentially disclose the assault to specified individuals (SARC, SAPR VA, or healthcare personnel) and receive healthcare treatment and the assignment of a SARC and SAPR VA. When a sexual assault is reported through Restricted Reporting, a SARC shall be notified, respond or direct a SAPR VA to respond, assign a SAPR VA, and offer the victim healthcare treatment and a SAFE. The Restricted Reporting option is only available to Service members and adult military dependents. Restricted Reporting may not remain an option in a jurisdiction that requires mandatory reporting, or if a victim first reports to a civilian facility or civilian authority, which will vary by State, territory, and ~~oversees~~ *overseas* agreements (see paragraph 1.f. of this enclosure). If a victim elects this reporting option, a victim may change from *a* Restricted Report to an Unrestricted Report.

(1) Only the SARC, SAPR VA, and healthcare personnel are designated as authorized to accept a Restricted Report. Healthcare personnel, to include psychotherapists and other personnel listed in Military Rule of Evidence (MRE) 513 (Reference (r)), who received a

Restricted Report shall immediately call a SARC or SAPR VA to assure that a victim is offered SAPR services and so that a DD Form 2910 can be completed.

(2) A SAFE and the information contained in its accompanying Kit are provided the same confidentiality as is afforded victim statements under the Restricted Reporting option. See Enclosure 8 of this Instruction.

(3) In the course of otherwise privileged communications with a chaplain or legal assistance attorney, a victim may indicate that he or she wishes to file a Restricted Report. If this occurs, a chaplain and legal assistance attorney shall facilitate contact with a SARC or SAPR VA to ensure that a victim is offered SAPR services and so that a DD Form 2910 can be completed. A chaplain or legal assistance attorney cannot accept a Restricted Report.

(4) A victim has a privilege to refuse to disclose and to prevent any other person from disclosing a confidential communication between a victim and a victim advocate, in a case arising under the UCMJ, if such communication is made for the purpose of facilitating advice or supportive assistance to the victim in accordance with *MRE 514* (Reference (r)).

(5) A sexual assault victim certified under the personnel reliability program (PRP) is eligible for both the Restricted and Unrestricted ~~R~~Reporting options. If electing Restricted Reporting, the victim is required to advise the competent medical authority of any factors that could have an adverse impact on the victim's performance, reliability, or safety while performing PRP duties. If necessary, the competent medical authority will inform the certifying official that the person in question should be temporarily suspended from PRP status, without revealing that the person is a victim of sexual assault, thus preserving the Restricted Report.

c. Non-Participating Victim (see Glossary). For victims choosing either Restricted or Unrestricted Reporting, the following guidelines apply:

(1) Details regarding the incident will be limited to only those personnel who have an official need to know. The victim's decision to decline to participate in an investigation or prosecution should be honored by all personnel charged with the investigation and prosecution of sexual assault cases, including, but not limited to, commanders, DoD law enforcement officials, and personnel in the victim's chain of command. If at any time the victim who originally chose the Unrestricted Reporting option declines to participate in an investigation or prosecution, that decision should be honored in accordance with this subparagraph. However, the victim cannot change from an Unrestricted to a Restricted Report. The victim should be informed by the SARC or SAPR VA that the investigation may continue regardless of whether the victim participates.

(2) The victim's decision not to participate in an investigation or prosecution will not affect access to SARC and SAPR VA services or medical and psychological care. These services shall be made available to all eligible sexual assault victims.

(3) If a victim approaches a SARC ~~and~~ or SAPR VA and begins to make a report, but then changes his or her mind and leaves without signing the DD Form 2910 (where the reporting

option is selected), the SARC or SAPR VA is not under any obligation or duty to inform investigators or commanders about this report and will not produce the report or disclose the communications surrounding the report. If commanders or law enforcement ask about the report, disclosures can only be made in accordance with exceptions to *the* MRE 514 privilege.

d. Disclosure of Confidential Communications. In cases where a victim elects Restricted Reporting, the SARC, SAPR VA, and healthcare personnel may not disclose confidential communications or the SAFE and the accompanying Kit to DoD law enforcement or command authorities, either within or outside the DoD, except as provided in this Instruction. In certain situations, information about a sexual assault may come to the commander's or DoD law enforcement official's (to include MCIO's) attention from a source independent of the Restricted Reporting avenues and an independent investigation is initiated. In these cases, SARCs, SAPR VAs, and healthcare personnel are prevented from disclosing confidential communications under Restricted Reporting, unless an exception applies. Improper disclosure of confidential communications or improper release of medical information are prohibited and may result in disciplinary action pursuant to the UCMJ or other adverse personnel or administrative actions.

e. Victim Confiding in Another Person. In establishing the Restricted Reporting option, DoD recognizes that a victim may tell someone (e.g., roommate, friend, family member) that a sexual assault has occurred before considering whether to file a Restricted or Unrestricted Report.

(1) A victim's communication with another person (e.g., roommate, friend, family member) does not, in and of itself, prevent the victim from later electing to make a Restricted Report. Restricted Reporting is confidential, not anonymous, reporting. However, if the person to whom the victim confided the information (e.g., roommate, friend, family member) is in the victim's officer ~~and~~ *or* non-commissioned officer chain of command or DoD law enforcement, there can be no Restricted Report.

(2) Communications between the victim and a person other than the SARC, SAPR VA, or healthcare personnel are NOT confidential and do not receive the protections of Restricted Reporting.

f. Independent Investigations. Independent investigations are not initiated by the victim. If information about a sexual assault comes to a commander's attention from a source other than a victim who has elected Restricted Reporting or where no election has been made by the victim, that commander shall report the matter to an MCIO and an official (independent) investigation may be initiated based on that independently acquired information.

(1) If there is an ongoing independent investigation, the sexual assault victim will no longer have the option of Restricted Reporting when:

- (a) DoD law enforcement informs the SARC of the investigation, and
- (b) The victim has not already elected Restricted Reporting.

(2) The timing of filing a Restricted Report is crucial. The victim MUST take advantage of the Restricted Reporting option BEFORE the SARC is informed of the investigation. The SARC then shall inform the victim of an ongoing independent investigation of the sexual assault. If an independent investigation begins AFTER the victim has formally elected Restricted Reporting, the independent investigation has NO impact on the victim's Restricted Report and the victim's communications and SAFE Kit remain confidential, to the extent authorized by law.

g. Mandatory Reporting Laws and Cases Investigated by Civilian Law Enforcement. Health care may be provided and SAFE Kits may be performed in a jurisdiction bound by State and local laws that require certain personnel (usually health care personnel) to report the sexual assault to civilian agencies or law enforcement. In some cases, civilian law enforcement may take jurisdiction of the sexual assault case, or the civilian jurisdiction may inform the military law enforcement or investigative community of a sexual assault that was reported to it. In such instances, it may not be possible for a victim to make a Restricted Report or it may not be possible to maintain the report as a Restricted Report. To the extent possible, DoD will honor the Restricted Report; however, sexual assault victims need to be aware that their Restricted Report is not guaranteed due to circumstances surrounding the independent investigation and requirements of individual State laws. In order to take advantage of the Restricted Reporting option, the victim must file a restricted report BEFORE the SARC is informed of an ongoing independent investigation of the sexual assault.

## 2. INITIATING MEDICAL CARE AND TREATMENT UPON RECEIPT OF REPORT.

Healthcare personnel will initiate the emergency care and treatment of sexual assault victims and notify the SARC or the SAPR VA. See Enclosure 7 of this Instruction. Upon receipt of a Restricted Report, only the SARC or the SAPR VA will be notified. There will be NO report to DoD law enforcement, a supervisory official, or the victim's chain of command by the healthcare personnel, unless an exception to Restricted Reporting applies or applicable law requires other officials to be notified. Regardless of whether the victim elects Restricted or Unrestricted Reporting, confidentiality of medical information will be maintained in accordance with applicable laws and regulations.

3. IMPLEMENTING DoD DUAL OBJECTIVES. The DoD is committed to ensuring victims of sexual assault are protected; treated with dignity and respect; and provided support, advocacy, and care. The DoD supports effective command awareness and prevention programs. The DoD also strongly supports applicable DoD law enforcement and criminal justice procedures that enable persons to be held appropriately accountable for sexual assault offenses and criminal dispositions. To achieve the dual objectives of victim support and offender accountability, DoD preference is for complete Unrestricted Reporting of sexual assaults to allow for the provision of victims' services and to pursue accountability, as appropriate. However, Unrestricted Reporting may represent a barrier for victims to access services, when the victim desires no command or DoD law enforcement involvement. Consequently, the DoD recognizes a fundamental need to provide a confidential disclosure vehicle via the Restricted Reporting option. This section provides procedural guidance and considerations to implement the DoD dual objectives.

a. Restricted Reporting Impact. Restricted Reporting will impact investigations and the ability of the offender's commander to hold the alleged offender accountable. However, such risks shall not outweigh the overall interest in providing a Restricted Reporting option to sexual assault victims.

b. Victim's Perception of the Military Justice System. The DoD seeks increased reporting by victims of sexual assault. A system that is perceived as fair and treats victims with dignity and respect, and promotes privacy and confidentiality may have a positive impact in bringing victims forward to provide information about being assaulted. The Restricted Reporting option is intended to give victims additional time and increased control over the release and management of their personal information and empowers them to seek relevant information and support to make more informed decisions about participating in the criminal investigation. A victim who receives support, appropriate care and treatment, and is provided an opportunity to make an informed decision about a criminal investigation is more likely to develop increased trust that the victim's needs are of concern to the command. As a result, this trust may eventually lead the victim to decide to pursue an investigation and convert the Restricted Report to an Unrestricted Report.

#### 4. REPORTS AND COMMANDERS

a. Unrestricted Reports to Commanders. The SARC shall provide the installation commander of sexual assault victims with information regarding all Unrestricted Reports within 24 hours of an Unrestricted Report of sexual assault. This notification may be extended by the commander to 48 hours after the Unrestricted Report of the incident when there are extenuating circumstances in deployed environments.

b. Restricted Reports to Commanders. For the purposes of public safety and command responsibility, in the event of a Restricted Report, the SARC shall report non-PII concerning sexual assault incidents (without information that could reasonably lead to personal identification of the victim or the alleged assailant (see exception of subparagraph 5.b.(2) of this enclosure)) only to the installation commander within 24 hours of the report. This notification may be extended by the commander to 48 hours after the Restricted Report of the incident when there are extenuating circumstances in deployed environments. The SARC's communications with victims are protected by the Restricted Reporting option and the MRE 514 *privilege*, established in Executive Order 13593 (Reference (ac)).

(1) Even if the victim chooses not to pursue an investigation, Restricted Reporting gives the installation commander a clearer picture of the reported sexual assaults within the command. The installation commander can then use the information to enhance preventive measures, to enhance the education and training of the command's personnel, and to scrutinize more closely the organization's climate and culture for contributing factors.

(2) Neither the installation commander nor DoD law enforcement may use the information from a Restricted Report for investigative purposes or in a manner that is likely to discover, disclose, or reveal the identities of the victims unless an exception applies as provided

for in paragraph 5(b) of this enclosure. Improper disclosure of Restricted Reporting information may result in discipline pursuant to the UCMJ or other adverse personnel or administrative actions.

## 5. EXCEPTIONS TO RESTRICTED REPORTING AND DISCLOSURES

a. The SARC will evaluate the confidential information provided under the Restricted Report to determine whether an exception applies.

(1) The SARC shall disclose the otherwise protected confidential information only after consultation with the staff judge advocate (SJA) of the installation commander, supporting judge advocate or other legal advisor concerned, who shall advise the SARC whether an exception to Restricted Reporting applies. In addition, the SJA, supporting judge advocate, or other legal advisor concerned will analyze the impact of MRE 514 on the communications.

(2) When there is uncertainty or disagreement on whether an exception to Restricted Reporting applies, the matter shall be brought to the attention of the installation commander for decision without identifying the victim (using non-PII information). Improper disclosure of confidential communications under Restricted Reporting, improper release of medical information, and other violations of this guidance are prohibited and may result in discipline pursuant to the UCMJ or State statute, loss of privileges, loss of certification or credentialing, or other adverse personnel or administrative actions.

b. The following exceptions to the prohibition against disclosures of Restricted Reporting authorize a disclosure of a Restricted Report only if one or more of the following conditions apply:

(1) Authorized by the victim in writing.

(2) Necessary to prevent or mitigate a serious and imminent threat to the health or safety of the victim or another person; for example, multiple reports involving the same alleged suspect (repeat offender) could meet this criteria. See similar safety and security exceptions in MRE 514 (Reference (r)).

(3) Required for fitness for duty or disability determinations. This disclosure is limited to only the information necessary to process duty or disability determinations for Service members.

(4) Required for the supervision of coordination of direct victim treatment or services. The SARC, SAPR VA, or healthcare personnel can disclose specifically requested information to those individuals with an official need to know, or as required by law or regulation.

(5) Ordered by a military official (e.g., a duly authorized ~~trial counsel~~ subpoena in a UCMJ case), Federal or State judge, or as required by a Federal or State statute or applicable U.S. international agreement. The SARC, SAPR VA, and healthcare personnel will consult with

the installation commander's servicing legal office, in the same manner as other recipients of privileged information, to determine if the exception criteria apply and whether a duty to disclose the otherwise protected information is present. Until those determinations are made, only non-PII shall be disclosed.

c. Healthcare personnel may also convey to the victim's unit commander any possible adverse duty impact related to the victim's medical condition and prognosis in accordance with DoD Directive 5400.11 (Reference (ad)). However, such circumstances do NOT otherwise warrant a Restricted Reporting exception to policy. Therefore, the confidential communication related to the sexual assault may not be disclosed. Improper disclosure of confidential communications, improper release of medical information, and other violations of this Instruction and Reference (b) are prohibited and may result in discipline pursuant to the UCMJ or State statute, loss of privileges, or other adverse personnel or administrative actions.

d. The SARC or SAPR VA shall inform the victim when a disclosure in accordance with the exceptions in this section of this enclosure is made.

e. If a SARC, SAPR VA, or healthcare personnel makes an unauthorized disclosure of a confidential communication, that person is subject to disciplinary action. Unauthorized disclosure has no impact on the status of the Restricted Report. All Restricted Reporting information is still confidential and protected. However, unauthorized or inadvertent disclosures made to a commander or law enforcement shall result in notification to the MCIO.

6. ACTIONABLE RIGHTS. Restricted Reporting does not create any actionable rights for the victim or alleged offender or constitute a grant of immunity for any actionable conduct by the offender or the victim.

ENCLOSURE 5

COMMANDER AND MANAGEMENT SAPR PROCEDURES

1. SAPR MANAGEMENT. Commanders, supervisors, and managers at all levels are responsible for the effective implementation of the SAPR program and policy. Military and DoD civilian officials at each management level shall advocate a strong SAPR program and provide education and training that shall enable them to prevent and appropriately respond to incidents of sexual assault.

2. INSTALLATION COMMANDER SAPR RESPONSE PROCEDURES. Each installation commander shall develop guidelines to establish a 24 hour, 7 day per week sexual assault response capability for their locations, including deployed areas. For SARCs that operate within deployable commands that are not attached to an installation, senior commanders of the deployable commands shall ensure that equivalent SAPR standards are met.

3. COMMANDER SAPR RESPONSE PROCEDURES. Each Commander shall:

a. Encourage the use of the commander's sexual assault response protocols for Unrestricted Reports as the baseline for *the* commander's response to the victim, an offender, and ~~proper response of an appropriate response for~~ a sexual assault within a unit. The Commander's Sexual Assault Response Protocols for Unrestricted Reports of Sexual Assault are located in the SAPR Policy Toolkit, on [www.sapr.mil](http://www.sapr.mil). These protocols may be expanded to meet Military Service-specific requirements and procedures.

b. Meet with the SARC within 30 days of taking command for one-on-one SAPR training. The training shall include a trends brief for unit and area of responsibility and the confidentiality requirements in Restricted Reporting. The commander must contact a judge advocate for training on the MRE 514 privilege.

c. Require the SARC to:

(1) Be notified of every incident of sexual assault involving Service members or persons covered in this Instruction, in or outside of the military installation when reported to DoD personnel. When notified, the SARC or SAPR VA shall respond to offer the victim SAPR services. All SARCs shall be authorized to perform victim advocate duties in accordance with service regulations, and will be acting in the performance of those duties.

(a) In Restricted Reports, the SARC shall be notified by the healthcare personnel or the SAPR VA.

(b) In Unrestricted Reports, the SARC shall be notified by the DoD responders (see Glossary).

(2) Provide the installation commander with information regarding an Unrestricted Report within 24 hours of an Unrestricted Report of sexual assault.

(3) Provide the installation commander with non-PII, as defined in the Glossary, within 24 hours of a Restricted Report of sexual assault. This notification may be extended to 48 hours after the report of the incident if there are extenuating circumstances in the deployed environment. Command and installation demographics shall be taken into account when determining the information to be provided.

(4) Be supervised and evaluated by the installation commander or deputy installation commander in the performance of SAPR procedures in accordance with Enclosure 6 of this Instruction.

(5) Receive SARC training to follow procedures in accordance with Enclosure 6 of this Instruction. Upon implementation of the D-SAACP, standardized criteria for the selection and training of SARCs and SAPR VAs shall comply with specific Military Service guidelines and certification requirements, when implemented by SAPRO.

(6) Follow established procedures to store the DD Form 2910 pursuant to Military Service regulations regarding the storage of documents with PII. (Copies may be obtained via the Internet at <http://www.dtic.mil/whs/directives/infomgt/forms/eforms/dd2910.pdf>.) Follow established procedures to store the original DD Form 2910 and ensure that all Federal and Service privacy regulations are adhered to.

d. Evaluate medical personnel per Military Service regulation in the performance of SAPR procedures as described in Enclosure 7 of this Instruction.

e. Require adequate supplies of SAFE Kits be maintained by the active component. The supplies shall be routinely evaluated to guarantee adequate numbers to meet the need of sexual assault victims.

f. Require DoD law enforcement and healthcare personnel to comply with prescribed chain of custody procedures described in their Military Service-specific MCIO procedures. Modified procedures applicable in cases of Restricted Reports of sexual assault are explained in Enclosure 8 of this Instruction.

g. Require that a CMG is conducted on a monthly basis in accordance with Enclosure 9 of this Instruction.

(1) Chair or attend the CMG, as appropriate. Direct the required CMG members to attend.

(2) Commanders shall provide victims of a sexual assault who filed an Unrestricted Report monthly updates regarding the current status of any ongoing investigative, medical, legal, or command proceedings regarding the sexual assault until the final disposition (see Glossary) of

the reported assault, and to the extent permitted pursuant to Reference (x), Public Law 104-191, and section 552a of title 5, U.S.C. (References (ae) and (af)). This is a non-delegable commander duty. This update must occur within 72 hours of the last CMG. Commanders of ~~the~~ NG victims who were sexually assaulted when the victim was on title 10 orders and filed ~~Unrestricted Reports~~ are required to update, to the extent allowed by law and regulations, the victim's home State title 32 commander as to all or any ongoing investigative, medical, and legal proceedings and ~~regarding the extent~~ of any actions being taken by the active component against subjects who remain on title 10 orders.

h. Ensure that resolution of Unrestricted Report sexual assault cases shall be expedited.

(1) A unit commander who receives an Unrestricted Report of a sexual assault shall immediately refer the matter to the appropriate MCIO, to include any offense identified by ~~the UCMJ~~ *chapter 47 of* Reference (d)). A unit commander shall not conduct internal command directed investigations on sexual assault (i.e., no referrals to appointed command investigators or inquiry officers) or delay immediately contacting the MCIOs while attempting to assess the credibility of the report.

(2) The final disposition of a sexual assault shall immediately be reported by the commander to the assigned MCIO. Dispositions on cases referred by MCIOs to other DoD law enforcement agencies shall be immediately reported to the MCIOs upon their final disposition. MCIOs shall request dispositions on referred cases from civilian law enforcement agencies and, if received, those dispositions shall be immediately reported by the MCIO in DSAID in order to meet the congressional annual reporting requirements. When requested by MCIOs and other DoD law enforcement, commanders shall provide final disposition of sexual assault cases. Final case disposition is required to be inputted into DSAID.

(3) If the MCIO has been notified of the disposition in a civilian sexual assault case, the MCIO shall notify the commander of this disposition immediately.

i. Appoint a point of contact to serve as a formal liaison between the installation SARC and the installation family advocacy program (FAP) and domestic violence intervention and prevention staff (or civilian domestic resource if FAP is not available for a Reserve Component victim) to direct coordination when a sexual assault occurs within a domestic relationship or involves child abuse.

j. Ensure appropriate training of all military responders be directed and documented in accordance with training standards in Enclosure 10 of this Instruction. Direct and document appropriate training of all military responders who attend the CMG.

k. Identify and maintain a liaison with civilian sexual assault victim resources. Where necessary, it is strongly recommended that an MOU or MOAs with the appropriate local authorities and civilian service organizations be established to maximize cooperation, reciprocal reporting of sexual assault information, and consultation regarding jurisdiction for the prosecution of Service members involved in sexual assault, as appropriate.

l. Require that each Service member who reports a sexual assault, pursuant to the respective Military Service regulations, be given the opportunity to consult with legal assistance counsel, and in cases where the victim may have been involved in collateral misconduct, to consult with defense counsel. Victims shall be referred to VWAP. Information concerning the prosecution shall be provided to victims in accordance with VWAP procedures in Reference (x). The Service member victim shall be informed of this opportunity to consult with legal assistance counsel as soon as the victim seeks assistance from a SARC, SAPR VA, or any DoD law enforcement agent or judge advocate.

m. Direct that DoD law enforcement agents and VWAP personnel provide victims of sexual assault who elect an Unrestricted Report the information outlined in DoDD 1030.01 (Reference (ag)) and Reference (ab) throughout the investigative and legal process. The completed DD Form 2701 shall be distributed to the victim in Unrestricted Reporting cases by DoD law enforcement agents.

n. Require that MCIOs utilize the investigation descriptions found in the Appendix to Enclosure 12 in this Instruction.

o. Establish procedures to ensure that in the case of a general or special court-martial involving a sexual assault as defined in Reference (b), a copy of the prepared record of the proceedings of the court-martial (not to include sealed materials, unless otherwise approved by the presiding military judge or appellate court) shall be given to the victim of the offense if the victim testified during the proceedings. The record of the proceedings (prepared in accordance with Service regulations) shall be provided without charge and as soon as the record is authenticated. The victim shall be notified of the opportunity to receive the record of the proceedings in accordance with *section 854(e) of Reference (d) (Article 54(e), UCMJ)*.

p. Protect sexual assault victims from coercion, discrimination, or reprisals. Commanders shall protect SARCs and SAPR VAs from coercion, discrimination, or reprisals related to the execution of their SAPR duties and responsibilities.

q. Require that sexual assault reports be entered into DSAID through interface with a Military Service data system, or by direct data entry by authorized personnel.

r. Designate an official, usually the SARC, to generate an alpha-numeric Restricted Reporting case number (RRCN).

s. Appoint a healthcare provider, as an official duty, in each MTF to be the resident point of contact concerning SAPR policy and sexual assault care.

3. MOUs OR MOAs WITH LOCAL CIVILIAN AUTHORITIES. The purpose of MOUs and MOAs is to:

- a. Enhance communications and the sharing of information regarding sexual assault prosecutions, as well as of the sexual assault care and forensic examinations that involve Service members and eligible TRICARE beneficiaries covered by this Instruction.
- b. Collaborate with local community crisis counseling centers, as necessary, to augment or enhance their sexual assault programs.
- c. Provide liaison with private or public sector sexual assault councils, as appropriate.
- d. Provide information about medical and counseling services related to care for victims of sexual assault in the civilian community, when not otherwise available at the MTFs, in order that military victims may be offered the appropriate healthcare and civilian resources, where available and where covered by military healthcare benefits.
- e. Where appropriate or required by MOU or MOA, facilitate training for civilian service providers about SAPR policy and the roles and responsibilities of the SARC and SAPR VA.

4. LINE OF DUTY (LOD) PROCEDURES

a. Members of the Reserve Components, whether they file a Restricted or Unrestricted Report, shall have access to medical treatment and counseling for injuries and illness incurred from a sexual assault inflicted upon a Service member when performing active duty service, as defined in section 101(d)(3) of Reference (d), and inactive duty training.

b. Medical entitlements remain dependent on a LOD determination as to whether or not the sexual assault incident occurred in an active duty or inactive duty training status. However, regardless of their duty status at the time that the sexual assault incident occurred, or at the time that they are seeking SAPR services (see Glossary), Reserve Component members can elect either the Restricted or Unrestricted Reporting option (see Glossary in Reference (b)) and have access to the SAPR services of a SARC and a SAPR VA.

c. The following LOD procedures shall be followed by Reserve Component commanders.

(1) LOD determinations may be made without the victim being identified to DoD law enforcement or command, solely for the purpose of enabling the victim to access medical care and psychological counseling, and without identifying injuries from sexual assault as the cause.

(2) When assessing LOD determinations for sexual assault victims, the commander of the Reserve command in each component and the directors of the Army and Air NGBs shall designate individuals within their respective organizations to process LODs for victims of sexual assault when performing active service, as defined in section 101(d)(3) of Reference (d), and inactive duty training.

(a) Designated individuals shall possess the maturity and experience to assist in a sensitive situation and, if dealing with a Restricted Report, to safeguard confidential communications. These individuals are specifically authorized to receive confidential communications as defined by the Glossary of this Instruction for the purpose of determining LOD status.

(b) The appropriate SARC will brief the designated individuals on Restricted Reporting policies, exceptions to Restricted Reporting, and the limitations of disclosure of confidential communications as specified in section 5 of Enclosure 4 of this Instruction. The SARC and these individuals may consult with their servicing legal office, in the same manner as other recipients of privileged information for assistance, exercising due care to protect confidential communications by disclosing only non-identifying information. Unauthorized disclosure may result in disciplinary action, in accordance with paragraphs 4.a. and 4.b. of Enclosure 4 of this Instruction.

(3) For LOD purposes, the victim's SARC may provide documentation that substantiates the victim's duty status as well as the filing of the Restricted Report to the designated official.

(4) If medical or mental healthcare is required beyond initial treatment and follow-up, a licensed medical or mental health provider must recommend a continued treatment plan.

(5) When evaluating pay and entitlements, the modification of the LOD process for Restricted Reporting does not extend to pay and allowances or travel and transportation incident to the healthcare entitlement. However, at any time the Service member may request an unrestricted LOD to be completed in order to receive the full range of entitlements authorized pursuant to DoDI 1241.2 (Reference (ah)).

## 5. EXPEDITED VICTIM TRANSFER REQUESTS

a. Any threat to life or safety of a Service member shall be immediately reported to command and DoD law enforcement authorities (see Glossary) and a request to transfer the victim under these circumstances will be handled in accordance with established Service regulations.

b. Service members who file an Unrestricted Report of sexual assault shall be informed by the SARC, SAPR VA, or the Service member's commanding officer (CO) at the time of making the report, or as soon as practicable, of the option to request a temporary or permanent expedited transfer from their assigned command or installation, or to a different location within their assigned command or installation. The Service members shall initiate the transfer request and submit the request to their COs. The CO shall document the date and time the request is received.

(1) A presumption shall be established in favor of transferring a Service member (who initiated the transfer request) following a credible report (see Glossary) of sexual assault. The

CO, or the appropriate approving authority, shall make a credible report determination at the time the expedited request is made after considering the advice of the supporting judge advocate, or other legal advisor concerned, and the available evidence based on an MCIO's investigation's information (if available).

(2) Expedited transfers of Service members who report that they are victims of sexual assault shall be limited to sexual assault offenses reported in the form of an Unrestricted Report.

(a) Sexual assault against adults is defined in the Glossary of Reference (b) and includes *rape and sexual assault in violation of* Article 120, *UCMJ*, and *forcible sodomy in violation of* Article 125, *UCMJ (sections 920 and 925* of Reference (d)). This Instruction does not address victims covered under the Family Advocacy Program in Reference (o).

(b) If the Service member files a Restricted Report in accordance with Reference (b) and requests an expedited transfer, the Service member must affirmatively change his or her reporting option to Unrestricted Reporting on the DD Form 2910, in order to be eligible for an expedited transfer.

(3) When the alleged perpetrator is the commander or otherwise in the victim's chain of command, the SARC shall inform such victims of the opportunity to go outside the chain of command to report the offense to MCIOs, other commanding officers or an Inspector General. Victims shall be informed that they can also seek assistance from a legal assistance attorney or the DoD Safe Helpline.

(4) The CO shall expeditiously process a transfer request from a command or installation, or to a different location within the command or installation. The CO shall request and take into consideration the Service member's input before making a decision involving a temporary or permanent transfer and the location of the transfer. If approved, the transfer orders shall also include the Service member's dependents or military spouse (as applicable).

(5) The CO must approve or disapprove a Service member's request for a permanent change of station (PCS), permanent change of assignment (PCA), or unit transfer within 72 hours from receipt of the Service member's request. The decision to approve the request shall be immediately forwarded to the designated activity that processes PCS, PCA, or unit transfers (see Glossary).

(6) If the Service member's transfer request is disapproved by the CO, the Service member shall be given the opportunity to request review by the first G/FO in the chain of command of the member, or an SES equivalent (if applicable). The decision to approve or disapprove the request for transfer must be made within 72 hours of submission of the request for review. If a civilian SES equivalent reviewer approves the transfer, the Secretary of the Military Department concerned shall process and issue orders for the transfer.

(7) Military Departments shall make every reasonable effort to minimize disruption to the normal career progression of a Service member who reports that he or she is a victim of a sexual assault.

(8) Expedited transfer procedures require that a CO or the appropriate approving authority make a determination and provide his or her reasons and justification on the transfer of a Service member based on a credible report of sexual assault. A CO shall consider:

- (a) The Service member's reasons for the request.
- (b) Potential transfer of the alleged offender instead of the Service member requesting the transfer.
- (c) Nature and circumstances of the offense.
- (d) Whether a temporary transfer would meet the Service member's needs and the operational needs of the unit.
- (e) Training status of the Service member requesting the transfer.
- (f) Availability of positions within other units on the installation.
- (g) Status of the investigation and potential impact on the investigation and future disposition of the offense, after consultation with the investigating MCIOs.
- (h) Location of the alleged offender.
- (i) Alleged offender's status (Service member or civilian).
- (j) Other pertinent circumstances or facts.

(9) Service members requesting the transfer shall be informed that they may have to return for the prosecution of the case, if the determination is made that prosecution is the appropriate command action.

(10) Commanders shall directly counsel the Service member to ensure that he or she is fully informed regarding:

- (a) Reasonably foreseeable career impacts.
- (b) The potential impact of the transfer or reassignment on the investigation and case disposition or the initiation of other adverse action against the alleged offender.
- (c) The effect on bonus recoupment (if, for example, they cannot work in their Air Force Specialty or Military Occupational Specialty).
- (d) Other possible consequences of granting the request.

(11) Require that expedited transfer procedures for Reserve Component, Army NG, and Air NG members who make Unrestricted Reports of sexual assault be established by commanders within available resources and authorities. If requested by the Service member, the command should allow for separate training on different weekends or times from the alleged offender or with a different unit in the home drilling location to ensure undue burden is not placed on the Service member and his or her family by the transfer. Potential transfer of the alleged offender instead of the Service member should also be considered. At a minimum, the alleged offender's access to the Service member who made the Unrestricted Report shall be controlled, as appropriate.

(12) Even in those court-martial cases in which the accused has been acquitted, the standard for approving an expedited transfer still remains whether a credible report has been filed. The commander shall consider all the facts and circumstances surrounding the case and the basis for the transfer request.

6. MILITARY PROTECTIVE ORDERS (MPO). In Unrestricted Reporting cases, commanders shall execute the following procedures regarding MPOs:

a. Require the SARC or the SAPR VA to inform sexual assault victims protected by an MPO, in a timely manner, of the option to request transfer from the assigned command in accordance with section 567(c) of Reference (j).

b. Notify the appropriate civilian authorities of the issuance of an MPO and of the individuals involved in the order, in the event an MPO has been issued against a Service member and any individual involved in the MPO does not reside on a military installation at any time during the duration of the MPO pursuant to Reference (i).

(1) An MPO issued by a military commander shall remain in effect until such time as the commander terminates the order or issues a replacement order.

(2) The issuing commander shall notify the appropriate civilian authorities of any change made in a protective order, or its termination, covered by chapter 80 of Reference (d) and the termination of the protective order.

(3) When an MPO has been issued against a Service member and any individual involved in the MPO does not reside on a military installation at any time during the duration of the MPO, notify the appropriate civilian authorities of the issuance of an MPO and of the individuals involved in the order. The appropriate civilian authorities shall include, at a minimum, the local civilian law enforcement agency or agencies with jurisdiction to respond to an emergency call from the residence of any individual involved in the order.

c. Advise the person seeking the MPO that the MPO is not enforceable by civilian authorities off base and that victims desiring protection off base should seek a civilian protective order (CPO). Off base violations of the MPO should be reported to the issuing commander, DoD law enforcement, and the relevant MCIO for investigation.

(1) Pursuant to section 1561a of Reference (d), a CPO shall have the same force and effect on a military installation as such order has within the jurisdiction of the court that issued such order. Commanders, MCIOs, and installation DoD law enforcement personnel shall take all reasonable measures necessary to ensure that a CPO is given full force and effect on all DoD installations within the jurisdiction of the court that issued such order.

(2) If the victim has informed the SARC of an existing CPO, a commander shall require the SARC to inform the CMG of the existence of the CPO and its requirements. After the CPO information is received at the CMG, DoD law enforcement agents shall be required to document CPOs for all Service members in their investigative case file, to include documentation for Reserve Component personnel in title 10 status.

d. ~~Note that~~ MPOs in cases other than sexual assault matters may have separate requirements.

e. Issuing commanders fill out the DD Form 2873, "Military Protective Order (MPO)," and provide victims and alleged offenders with copies of the completed form. Verbal MPOs can be issued, but need to be subsequently documented with a DD Form 2873, as soon as possible.

f. Require DoD law enforcement agents document MPOs for all Service members in their investigative case file, to include documentation for Reserve Component personnel in title 10 status. The appropriate DoD law enforcement agent representative to the CMG shall brief the CMG chair and co-chair on the existence of an MPO.

g. If the commander's decision is to deny the MPO request, document the reasons for the denial. Denials of MPO requests go to the installation commander or equivalent command level (in consultation with a judge advocate) for the final decision.

## 7. COLLATERAL MISCONDUCT IN SEXUAL ASSAULT CASES

a. Collateral misconduct by the victim of a sexual assault is one of the most significant barriers to reporting assault because of the victim's fear of punishment. Some reported sexual assaults involve circumstances where the victim may have engaged in some form of misconduct (e.g., underage drinking or other related alcohol offenses, adultery, fraternization, or other violations of certain regulations or orders). Commanders shall have discretion to defer action on alleged collateral misconduct by the sexual assault victims (and shall not be penalized for such a deferral decision), until final disposition of the sexual assault case, taking into account the trauma to the victim and responding appropriately so as to encourage reporting of sexual assault and continued victim cooperation, while also bearing in mind any potential speedy trial and statute of limitations concerns.

b. In accordance with Secretary of Defense Memorandum (Reference (aj)), the initial disposition authority is withheld from all commanders within the Department of Defense who do not possess at least special court-martial convening authority and who are not in the grade of O-6

(i.e., colonel or Navy captain) or higher, with respect to the alleged offenses of rape, sexual assault, forcible sodomy, and all attempts to commit such offenses, in violation of Articles 120, 125, and 80 of *the UCMJ (sections 920, 925, and 880 of Reference (d))*. Commanders may defer taking action on a victim's alleged collateral misconduct arising from or that relates to the sexual assault incident until the initial disposition action for the sexual assault investigation is completed.

c. Commanders and supervisors should take appropriate action for the victim's alleged collateral misconduct (if warranted), responding appropriately in order to encourage sexual assault reporting and continued cooperation, while avoiding those actions that may further traumatize the victim. Ultimately, victim cooperation should significantly enhance timely and effective investigations, as well as the appropriate disposition of sexual assaults.

d. Subordinate commanders shall be advised that taking action on a victim's alleged collateral misconduct may be deferred until final disposition of the sexual assault case. The Military Departments shall establish procedures so that commanders and supervisors are not penalized for deferring alleged collateral misconduct actions for the sexual assault victim until final disposition of the sexual assault case.

e. Commanders shall have the authority to determine, in a timely manner, how to best manage the disposition of alleged misconduct, to include making the decision to defer disciplinary actions regarding a victim's alleged collateral misconduct until after the final disposition of the sexual assault case, where appropriate. For those sexual assault cases for which the victim's alleged collateral misconduct is deferred, Military Service reporting and processing requirements should take such deferrals into consideration and allow for the time deferred to be subtracted, when evaluating whether a commander took too long to resolve the collateral misconduct.

8. COMMANDER SAPR PREVENTION PROCEDURES. Each commander shall implement a SAPR prevention program that:

a. Establishes a command climate of sexual assault prevention predicated on mutual respect and trust, recognizes and embraces diversity, and values the contributions of all its Service members.

b. Emphasizes that sexual assault is a crime and violates the core values of being a professional in the Military Services and ultimately destroys unit cohesion and the trust that is essential for mission readiness and success.

c. Emphasizes DoD and Military Service policies on sexual assault and the potential legal consequences for those who commit such crimes.

d. Monitors the organization's SAPR climate and responds with appropriate action toward any negative trends that may emerge.

- e. Identifies and remedies environmental factors specific to the location that may facilitate the commission of sexual assaults (e.g., insufficient lighting).
- f. Emphasizes sexual assault prevention training for all assigned personnel.
- g. Establishes prevention training that *focuses* on identifying the behavior of potential offenders.

ENCLOSURE 6

SARC AND SAPR VA PROCEDURES

1. SARC PROCEDURES. The SARC shall:

a. Serve as the single point of contact to coordinate sexual assault response when a sexual assault is reported. All SARCs shall be authorized to perform victim advocate duties in accordance with Military Service regulations, and will be acting in the performance of those duties.

b. Upon implementation of the D-SAACP, comply with DoD Sexual Assault Advocate Certification requirements.

c. Be trained in and understand the confidentiality requirements of Restricted Reporting and MRE 514. Training must include exceptions to Restricted Reporting and MRE 514.

d. Assist the installation commander in ensuring that victims of sexual assault receive appropriate responsive care and understand their available reporting options (Restricted and Unrestricted) and available SAPR services.

e. Be authorized by this Instruction to accept reports of sexual assault along with the SAPR VA and healthcare personnel.

f. Report directly to the installation commander in accordance with Reference (b), to include providing regular updates to the installation commander and assist the commander to meet annual SAPR training requirements, including providing orientation briefings for newly assigned personnel and, as appropriate, providing community education publicizing available SAPR services.

g. Provide a 24 hour, 7 day per week response capability to victims of sexual assault, to include deployed areas.

(1) SARCs shall respond (see Glossary) to every Restricted and Unrestricted Report of sexual assault on a military installation and the response shall be in person, unless otherwise requested by the victim.

(2) Based on the locality, the SARC may ask the SAPR VA to respond and speak to the victim.

(a) There will be situations where a sexual assault victim receives medical care and a SAFE outside of a military installation under an MOU or MOA with local private or public sector entities. In these cases, pursuant to the MOU or MOA, victims shall be asked whether they would like the SARC to be notified, and, if so, the SARC or SAPR VA shall be notified, and a SARC or SAPR VA shall respond.

(b) When contacted by the SARC or SAPR VA, a sexual assault victim can elect not to speak to the SARC or SAPR VA, or the sexual assault victim may ask to schedule an appointment at a later time to speak to the SARC or SAPR VA.

(3) SARCs shall provide a response that recognizes the high prevalence of pre-existing trauma (prior to the present sexual assault incident).

(4) SARCs shall provide a response that is gender-responsive, culturally-competent, and recovery-oriented.

(5) SARCs shall offer appropriate referrals to sexual assault victims and facilitate access to referrals. Provide referrals at the request of the victim.

(a) Encourage sexual assault victims to follow-up with the referrals and facilitate these referrals, as appropriate.

(b) In order to competently facilitate referrals, inquire whether the victim is a Reservist or an NG member to ensure that victims are referred to the appropriate geographic location.

h. Explain to the victim that the services of the SARC and SAPR VA are optional and these services may be declined, in whole or in part, at any time. The victim may decline advocacy services, even if the SARC or SAPR VA holds a position of higher rank or authority than the victim. Explain to victims the option of requesting a different SAPR VA (subject to availability, depending on locality staffing) or continuing without SAPR VA services.

(1) Explain the available reporting options to the victim.

(a) Have the victim fill out the DD Form 2910 where the victim elects to make a Restricted or Unrestricted Report.

(b) Inform the victim that the DD Form 2910 will be uploaded to DSAID and maintained for 50 years in Unrestricted Reports and retained in hard copy for 5 years in Restricted Reports, for the purpose of providing the victim access to document their sexual assault victimization with the VA for care and benefits. However, at the request of a Service member who files a Restricted Report on an incident of sexual assault, the DD Forms 2910 and 2911 filed in connection with the Restricted Report shall be retained for 50 years.

(c) The SARC or SAPR VA shall tell the victim of any local or State sexual assault reporting requirements that may limit the possibility of Restricted Reporting. At the same time, the victims shall be briefed of the protections and exceptions to MRE 514.

(2) Give the victim a hard copy of the DD Form 2910 with the victim's signature.

(a) Advise the victim to keep the copy of the DD Form 2910 in their personal permanent records as this form may be used by the victim in other matters before other agencies (e.g., Department of Veterans Affairs) or for any other lawful purpose.

(b) Store the original DD Form 2910 pursuant to secure storage Military Service regulations and privacy laws. A SARC being reassigned shall be required to assure their supervisor of the secure transfer of stored DD Forms 2910 to the next SARC. In the event of transitioning SARCs, the departing SARC shall inform their supervisor of the secure storage location of the DD Forms 2910, and the SARC supervisor will ensure the safe transfer of the DD Forms 2910.

(3) Explain SAFE confidentiality to victims and the confidentiality of the contents of the SAFE Kit.

(4) Explain the implications of a victim confiding in another person resulting in a third-party report to command or DoD law enforcement (see Enclosure 4 of this Instruction).

(5) Provide the installation commander with information regarding an Unrestricted Report within 24 hours of an Unrestricted Report of sexual assault. This notification may be extended to 48 hours after the Unrestricted Report of the incident if there are extenuating circumstances in the deployed environments.

(6) Provide the installation commander with non-PII within 24 hours of a Restricted Report of sexual assault. This notification may be extended to 48 hours after the Restricted Report of the incident if there are extenuating circumstances in a deployed environment. Command and installation demographics shall be taken into account when determining the information to be provided.

(7) Exercise oversight responsibility for SAPR VAs authorized to respond to sexual assaults when they are providing victim advocacy services.

(8) Perform victim advocacy duties, as needed. DoD recognizes the SARC's authority to perform duties as SAPR VAs, even though the SARC may not be designated in writing as a SAPR VA pursuant to Military Service regulation.

(9) Inform the victim that pursuant to their Military Service regulations, each Service member who reports having been sexually assaulted shall be given the opportunity to consult with legal assistance counsel, and in cases where the victim may have been involved in collateral misconduct, to consult with defense counsel.

(a) Inform the victim that information concerning the prosecution shall be provided to them in accordance with Reference (x).

(b) The Service member victim shall be informed of the opportunity to consult with legal assistance counsel as soon as the victim seeks assistance from a SARC or SAPR VA.

(10) Facilitate education of command personnel on sexual assault and victim advocacy services.

(11) Facilitate briefings on victim advocacy services to Service members, military dependents, DoD civilian employees (OCONUS), DoD contractors (accompanying the Military Services in contingency operations OCONUS), and other command or installation personnel, as appropriate.

(12) Facilitate annual SAPR training.

(13) Facilitate the development and collaboration of SAPR public awareness campaigns for victims of sexual assault, including planning local events for Sexual Assault Awareness Month. Publicize the DoD Safe Helpline on all outreach materials.

(14) Coordinate medical and counseling services between military installations and deployed units related to care for victims of sexual assault.

(15) Conduct an ongoing assessment of the consistency and effectiveness of the SAPR program within the assigned area of responsibility.

(16) Collaborate with other agencies and activities to improve SAPR responses to and support of victims of sexual assault.

(17) Maintain liaison with commanders, DoD law enforcement, and MCIOs, and civilian authorities, as appropriate, for the purpose of facilitating the following protocols and procedures to:

(a) Activate victim advocacy 24 hours a day, 7 days a week for all incidents of reported sexual assault occurring either on or off the installation involving Service members and other persons covered by this Instruction.

(b) Collaborate on public safety, awareness, and prevention measures.

(c) Facilitate ongoing training of DoD and civilian law enforcement and criminal investigative personnel on the SAPR policy and program and the roles and responsibilities of the SARC and SAPR VAs.

(18) Consult with command legal representatives, healthcare personnel, and MCIOs, (or when feasible, civilian law enforcement), to assess the potential impact of State laws governing the reporting requirements for adult sexual assault that may affect compliance with the Restricted Reporting option and develop or revise applicable MOUs and MOAs, as appropriate.

(19) Collaborate with MTFs within their respective areas of responsibility to establish protocols and procedures to direct notification of the SARC and SAPR VA for all incidents of reported sexual assault, and facilitate ongoing training of healthcare personnel on the roles and responsibilities of the SARC and SAPR VAs.

(20) Collaborate with local private or public sector entities that provide medical care *to* Service members or TRICARE eligible beneficiaries who are ~~for~~ sexual assault victims and a SAFE outside of a military installation through an MOU or MOA.

(a) Establish protocols and procedures with these local private or public sector entities to facilitate direct notification of the SARC for all incidents of reported sexual assault and facilitate training of healthcare personnel of local private or public sector entities on the roles and responsibilities of SARCs and SAPR VAs, for Service members and persons covered by this policy.

(b) Provide off installation referrals to the sexual assault victims, as needed.

(21) When a victim has a temporary or permanent change of station or is deployed, request victim consent to transfer case management documents and, upon receipt of victim consent, expeditiously transfer case management documents to ensure continuity of care and SAPR services. If the SARC has already closed the case and terminated victim contact, no other action is needed.

(22) Document and track the services referred to and requested by the victim from the time of the initial report of a sexual assault through the final case disposition or until the victim no longer desires services.

(a) Enter information into DSAID or Military Service DSAID-interface within 48 hours of the report of sexual assault. In deployed locations that have internet connectivity issues, the time frame is extended to 96 hours.

(b) Maintain in DSAID, or the DSAID-interfaced Military Service data system, an account of the services referred to and requested by the victim for all reported sexual assault incidents, from medical treatment through counseling, and from the time of the initial report of a sexual assault through the final case disposition or until the victim no longer desires services.

(23) Provide information to assist installation commanders to manage trends and characteristics of sexual assault crimes at the Military Service-level and mitigate the risk factors that may be present within the associated environment (e.g., the necessity for better lighting in the showers or latrines and in the surrounding area).

(24) Participate in the CMG to review individual cases of Unrestricted Reports of sexual assault.

(a) The installation SARC shall serve as the co-chair of the CMG. This responsibility is not delegable. If an installation has multiple SARCs on the installation, a Lead SARC shall be designated by the Service concerned, and shall serve as the co-chair.

(b) Other SARCs and SAPR VAs shall actively participate in each CMG meeting by presenting oral updates on their assigned sexual assault victim cases, providing recommendations and, if needed, seeking assistance from the chair or victim's commander.

(25) Familiarize the unit commanders and supervisors of SAPR VAs with the SAPR VA roles and responsibilities, using the DD Form 2909, "Victim Advocate Supervisor Statement of Understanding." DD Form 2909 is available via the Internet at <http://www.dtic.mil/whs/directives/infomgt/forms/eforms/dd2909.pdf>.

## 2. SAPR VA PROCEDURES

### a. The SAPR VA shall:

(1) Upon implementation of the D-SAACP, comply with DoD Sexual Assault Advocate Certification requirements.

(2) Be trained in and understand the confidentiality requirements of Restricted Reporting and MRE 514. Training must include exceptions to Restricted Reporting and MRE 514.

(3) Facilitate care and provide referrals and non-clinical support to the adult victim of a sexual assault.

(a) Support will include providing information on available options and resources so the victim can make informed decisions about his or her case.

(b) The SAPR VA will be directly accountable to the SARC in adult sexual assault cases (not under the FAP jurisdiction) and shall provide victim advocacy for adult victims of sexual assault.

(4) Acknowledge their understanding of their advocacy roles and responsibilities using DD Form 2909.

b. At the Military Service's discretion, victim advocacy may be provided by a Service member or DoD civilian employee. Personnel responsible for providing victim advocacy shall:

(1) Be notified and immediately respond upon receipt of a report of sexual assault.

(2) Provide coordination and encourage victim service referrals and ongoing, non-clinical support to the victim of a reported sexual assault and facilitate care in accordance with the Sexual Assault Response Protocols prescribed SAPR Policy Toolkit located on [www.sapr.mil](http://www.sapr.mil). Assist the victim in navigating those processes required to obtain care and services needed. It is neither the SAPR VA's role nor responsibility to be the victim's mental health provider or to act as an investigator.

(3) Report directly to the SARC while carrying out sexual assault advocacy responsibilities.

ENCLOSURE 7

HEALTHCARE PROVIDER PROCEDURES

This enclosure provides guidance on medical management of victims of sexual assault to ensure standardized, timely, accessible, and comprehensive healthcare for victims of sexual assault, to include the ability to elect a SAFE Kit. This policy is applicable to all MHS personnel who provide or coordinate medical care for victims of sexual assault covered by this Instruction.

a. Standardized Medical Care. To ensure standardized healthcare, the Surgeons General of the Military Departments shall:

(1) Require the recommendations for conducting forensic exams of adult sexual assault victims in Reference (w) be used to establish minimum standards for healthcare intervention for victims of sexual assault. Training for military sexual assault medical examiners and healthcare providers shall be provided to maintain optimal readiness.

(2) Require that MTFs that provide SAFEs for Service members or TRICARE eligible beneficiaries through an MOU or MOA with private or public sector entities verify initially and periodically that those entities meet or exceed standards of the recommendations for conducting forensic exams of adult sexual victims in Reference (w). In addition, verify that as part of the MOU or MOA, victims are asked whether they would like the SARC to be notified, and if notified, that a SARC or SAPR VA actually responds.

(3) Require that medical providers providing healthcare to victims of sexual assault in remote areas or while deployed have access to the current version of Reference (w) for conducting forensic exams.

(4) Implement procedures to provide the victim information regarding the availability of a SAFE Kit, which the victim has the option of refusing. If performed in the MTF, the healthcare provider shall use a SAFE Kit and the most current edition of the DD Form 2911.

(5) Require that the SARC be notified of all incidents of sexual assault in accordance with sexual assault reporting procedures in Enclosure 4 of this Instruction.

(a) Require processes be established to support coordination between healthcare personnel and the SARC.

(b) If a victim initially seeks assistance at a medical facility, SARC notification must not delay emergency care treatment of a victim.

(6) Require that care provided to sexual assault victims shall be gender-responsive, culturally competent, and recovery-oriented. Healthcare providers giving medical care to sexual assault victims shall recognize the high prevalence of pre-existing trauma (prior to present sexual assault incident) and the concept of trauma-informed care.

(7) If the healthcare provider is not appropriately trained to conduct a SAFE Kit, require that he or she arrange for a properly trained DoD healthcare provider to do so, if available.

(a) In the absence of a properly trained DoD healthcare provider, the victim shall be offered the option to be transported to a non-DoD healthcare provider for the SAFE Kit, if the victim wants a forensic exam. Victims who are not beneficiaries of the Military Healthcare System shall be advised that they can obtain a SAFE Kit through a local civilian healthcare provider.

(b) When a SAFE Kit is performed at local civilian medical facilities, those facilities are bound by State and local laws, which may require reporting the sexual assault to civilian law enforcement.

(c) If the victim requests to file a report of sexual assault, the healthcare personnel, to include psychotherapists and other personnel listed in MRE 513 (Reference (r)), shall immediately call a SARC or SAPR VA, to assure that a victim is offered SAPR services and so that a DD Form 2910 can be completed.

(8) Require that SAFE Kit evidence collection procedures are the same for a Restricted and an Unrestricted Report of sexual assault.

(a) Upon completion of the SAFE Kit and securing of the evidence, the healthcare provider will turn over the material to the appropriate Military Service-designated law enforcement agency or MCIO as determined by the selected reporting option.

(b) Upon completion of the SAFE Kit, the sexual assault victim shall be provided with a hard copy of the completed DD Form 2911. Advise the victim to keep the copy of the DD Form 2911 in ~~their~~ *his or her* personal permanent records as this form may be used by the victim in other matters before other agencies (e.g., Department of Veterans Affairs) or for any other lawful purpose.

(9) Publicize availability of medical treatment (to include behavioral health), and referral services for alleged offenders who are also active duty Service members.

(10) Require that the healthcare provider, in the course of preparing a SAFE Kit for Restricted Reports of sexual assault:

(a) Contact the designated installation official, usually the SARC, who shall generate an alpha-numeric RRCN, unique to each incident. The RRCN shall be used in lieu of PII to label and identify evidence collected from a SAFE Kit (e.g., accompanying documentation, personal effects, and clothing). The SARC shall provide (or the SARC will designate the SAPR VA to provide) the healthcare provider with the RRCN to use in place of PII.

(b) Upon completion of the SAFE Kit, package, seal, and completely label the evidence container(s) with the RRCN and notify the Military Service-designated law enforcement agency or MCIO.

(11) Require that healthcare personnel maintain the confidentiality of a Restricted Report to include communications with the victim, the SAFE, and the contents of the SAFE Kit, unless an exception to Restricted Reporting applies. Healthcare personnel who make an unauthorized disclosure of a confidential communication are subject to disciplinary action and that unauthorized disclosure has no impact on the status of the Restricted Report; all Restricted Reporting information remains confidential and protected. Improper disclosure of confidential communications under Restricted Reporting, improper release of medical information, and other violations of this guidance are prohibited and may result in discipline pursuant to the UCMJ or State statute, loss of privileges, or other adverse personnel or administrative actions.

b. Timely Medical Care. To comply with the requirement to provide timely medical care, the Surgeons General of the Military Departments shall:

(1) Implement processes or procedures giving victims of sexual assault priority as emergency cases.

(2) Provide sexual assault victims with priority treatment as emergency cases, regardless of evidence of physical injury, recognizing that every minute a patient spends waiting to be examined may cause loss of evidence and undue trauma. Priority treatment as emergency cases includes activities relating to access to healthcare, coding, and medical transfer or evacuation, and complete physical assessment, examination, and treatment of injuries, including immediate emergency interventions.

c. Comprehensive Medical Care. To comply with the requirement to provide comprehensive medical care, the Surgeons General of the Military Departments shall:

(1) Establish processes and procedures to coordinate timely access to emergency, follow-up, and specialty care that may be provided in the direct or civilian purchased care sectors for eligible beneficiaries of the Military Health System.

(2) Evaluate and implement, to the extent feasible, processes linking the medical management of the sexually assaulted patient to the primary care manager.

To locate his or her primary care manager, a beneficiary may go to beneficiary web enrollment at [https://www.hnfs.com/content/hnfs/home/tn/bene/res/faqs/beneficiary/enrollment\\_eligibility/who\\_pcm.html](https://www.hnfs.com/content/hnfs/home/tn/bene/res/faqs/beneficiary/enrollment_eligibility/who_pcm.html).

d. Clinically Stable. Require the healthcare provider to consult with the victim, once clinically stable, regarding further healthcare options to the extent eligible, which shall include, but are not limited to:

(1) Testing, prophylactic treatment options, and follow-up care for possible exposure to human immunodeficiency virus (HIV) and other sexually transmitted diseases or infections (STD/I).

(2) Assessment of the risk of pregnancy, options for emergency contraception, and any necessary follow-up care and referral services.

(3) Assessment of the need for behavioral health services and provisions for a referral, if necessary or requested by the victim.

e. Other Responsibilities

(1) The Surgeons General of the Military Departments shall:

(a) Identify a primary office to represent their Department in Military Service coordination of issues pertaining to medical management of victims of sexual assault.

(b) Assign a healthcare provider at each MTF as the primary point of contact concerning DoD and Military Service SAPR policy and for updates in sexual assault care.

(2) The Combatant Commanders shall:

(a) Require that victims of sexual assault in deployed locations within their area of responsibility are transported to an appropriate evaluation site, evaluated, treated for injuries (if any), and offered SAPR VA assistance and a SAFE as quickly as possible.

(b) Require that U.S. theater hospital facilities (Level 3, NATO role 3) (See Glossary) have appropriate capability to provide experienced and trained SARC and SAPR VA services, SAFE providers, and those victims of sexual assault, regardless of reporting status, are medically evacuated to such facilities as soon as possible (within operational needs) of making a report, consistent with operational needs.

ENCLOSURE 8

SAFE KIT COLLECTION AND PRESERVATION

For the purposes of the SAPR Program, forensic evidence collection and document and evidence retention shall be completed in accordance with this enclosure pursuant to Reference (b), taking into account the medical condition, needs, requests, and desires of each sexual assault victim covered by this Instruction.

a. Medical services offered to eligible victims of sexual assault include the ability to elect a SAFE Kit in addition to the general medical management related to sexual assault response, to include mental healthcare. The SAFE of a sexual assault victim should be conducted by a healthcare provider who has specialized education and clinical experience in the collection of forensic evidence and treatment of these victims. The forensic component includes gathering information in DD Form 2911 from the victim for the medical forensic history, an examination, documentation of biological and physical findings, collection of evidence from the victim, and follow-up as needed to document additional evidence.

b. The process for collecting and preserving sexual assault evidence for the Restricted Reporting option is the same as the Unrestricted Reporting option, except that the Restricted Reporting option does not trigger the official investigative process, and any evidence collected has to be placed inside the SAFE Kit, which is marked with the RRCN in the location where the victim's name would have otherwise been written. The victim's SAFE and accompanying Kit is treated as a confidential communication under this reporting option. The healthcare provider shall encourage the victim to obtain referrals for additional medical, psychological, chaplain, victim advocacy, or other SAPR services, as needed. The victim shall be informed that the SARC will assist them in accessing SAPR services.

c. In situations where installations do not have a SAFE capability, the installation commander will require that the eligible victim, who wishes to have a SAFE, be transported to a MTF or local off-base, non-military facility that has a SAFE capability. A local sexual assault nurse examiner or other healthcare providers who are trained and credentialed to perform a SAFE may also be contracted to report to the MTF to conduct the examination.

d. The SARC or SAPR VA shall tell the victim of any local or State sexual assault reporting requirements that may limit the possibility of Restricted Reporting before proceeding with the SAFE.

e. Upon completion of the SAFE in an Unrestricted Reporting case, the healthcare provider shall package, seal, and label the evidence container(s) with the victim's name and notify the Military Service designated law enforcement agency or MCIO.

(1) The DoD law enforcement or MCIO representative shall be trained and capable of collecting and preserving evidence to assume custody of the evidence using established chain of

custody procedures, consistent with the guidelines published under the authority and oversight of the DoD IG.

(2) MOUs and MOAs, with off-base, non-military facilities for the purposes of providing medical care to eligible victims of sexual assault covered under this Instruction, shall include instructions for the notification of a SARC (regardless of whether a Restricted or Unrestricted Report of sexual assault is involved), and procedures for the receipt of evidence and disposition of evidence back to the DoD law enforcement agency or MCIO.

f. Upon completion of the SAFE in a Restricted Reporting case, the healthcare provider shall package, seal, and label the evidence container(s) with the RRCN and store in accordance with Service regulations.

(1) The DoD law enforcement or MCIO representative shall be trained and capable of collecting and preserving evidence to assume custody of the evidence using established chain of custody procedures, consistent with the guidelines published under the authority and oversight of the DoD IG. MOUs and MOAs, with off-base, non-military facilities for the purpose of providing medical care to eligible victims of sexual assault covered under this Instruction, shall include instructions for the notification of a SARC (regardless of whether a Restricted or Unrestricted Report of sexual assault is involved), procedures for the receipt of evidence, how to request an RRCN, instructions on where to write the RRCN on the SAFE Kit, and disposition of evidence back to the DoD law enforcement agency or MCIO.

(2) Any evidence and the SAFE Kit in Restricted Reporting cases (to include the DD Form 2911) shall be stored for 5 years from the date of the victim's Restricted Report of the sexual assault, thus allowing victims additional time to accommodate, for example, multiple deployments or deployments exceeding 12 months.

(a) The SARC will contact the victim at the 1-year mark of the report to inquire whether the victim wishes to change ~~their~~ *his or her* reporting option to Unrestricted.

1. If the victim does not change to Unrestricted Reporting, the SARC will explain to the victim that the SAFE Kit, DD Form 2911, and the DD Form 2910 will be retained for a total of 5 years from the time the victim signed the DD Form 2910 (electing the Restricted Report) and will then be destroyed. The SARC will emphasize to the victim that his or her privacy will be respected and he or she will not be contacted again by the SARC. The SARC will stress it is the victim's responsibility from that point forward, if the victim wishes to change from a Restricted to an Unrestricted Report, to affirmatively contact a SARC before the 5-year retention period elapses. However, at the request of a Service member who files a Restricted Report on an incident of sexual assault, the DD Forms 2910 and 2911 filed in connection with the Restricted Report shall be retained for 50 years.

2. The victim will be advised again to keep a copy of the DD Form 2910 and the DD Form 2911 in his or her personal permanent records as these forms may be used by the victim in other matters with other agencies (e.g., Department of Veterans Affairs) or for any other lawful purpose.

3. If the victim needs another copy of either of these forms, he or she can request it at this point and the SARC shall assist the victim in accessing the requested copies within 7 business days. The SARC will document this request in the DD Form 2910.

MCIO, DoD law enforcement, and the legal representative or SJA shall provide case dispositions. The CMG chair will ensure that the appropriate principal is available.

d. If the installation is a joint base or if the installation has tenant commands, the commander of the tenant organization and the designated Lead SARC shall be invited to the CMG meetings. The commander of the tenant organization shall provide appropriate information to the host commander, to enable the host commander to provide the necessary supporting services.

e. CMG members shall receive the mandatory SAPR training pursuant to Enclosure 10 of *this* Instruction.

f. Service Secretaries shall issue guidance to ensure that equivalent standards are met for case oversight by CMGs in situations where SARCs are not installation-based but instead work within operational and/or deployable organizations.

2. PROCEDURES

a. The CMG members shall carefully consider and implement immediate, short-term, and long-term measures to help facilitate and assure the victim's well-being and recovery from the sexual assault. They will closely monitor the victim's progress and recovery and strive to protect the victim's privacy, ensuring only those with an official need to know have the victim's name

and related details. Consequently, where possible, each case shall be reviewed independently bringing in only those personnel associated with the case, as well as the CMG chair and co-chair.

b. The CMG chair shall:

h. There will be a safety assessment capability. The CMG chair will identify installation personnel who have been trained and are able to perform a safety assessment of each sexual assault victim.

(1) The CMG chair will require designated installation personnel, who have been trained and are able to perform a safety assessment of each sexual assault victim, to become part of the CMG and attend every monthly meeting.

(2) The CMG chair will request a safety assessment by trained personnel of each sexual assault victim at each CMG meeting, to include a discussion of expedited military transfers or MPOs, if needed.

(3) The CMG co-chair will confirm that the victims are advised that MPOs are not enforceable off-base by civilian law enforcement.

(4) If applicable, the CMG chair will confirm that both the suspect and the victim have a hard copy of the MPO.

It shall serve as a centralized, case-level database for the collection and maintenance of information regarding sexual assaults involving persons covered by this Instruction. DSAID will include information, if available, about the nature of the assault, the victim, services offered to the victim, the offender, and the disposition of the reports associated with the assault. DSAID will serve as the DoD's SAPR source for internal and external requests for statistical data on sexual assault in accordance with section 563 of Reference (i). DSAID has been assigned Office of Management and Budget control number 0704-0482. DSAID contains information provided by the military services, which are the original sources of the information.

b. Disclosure of data stored in DSAID will only be granted when disclosure is authorized or required by law or regulation.

2. PROCEDURES. DSAID shall:

a. Contain information about sexual assaults reported to the DoD involving persons covered by this Instruction, both via Unrestricted and Restricted Reporting options.

b. Include adequate safeguards to shield PII from unauthorized disclosure. The system will not contain PII about victims who make a Restricted Report. Information about sexual assault victims and subjects will receive the maximum protection allowed under the law. DSAID will include stringent user access controls.

c. Assist with annual and quarterly reporting requirements, identifying and managing trends, analyzing risk factors or problematic circumstances, and taking action or making plans to eliminate or to mitigate risks. DSAID shall store case information. Closed case information shall be available to DoD SAPRO for SAPR program oversight, study, research, and analysis purposes. DSAID will provide a set of core functions to satisfy the data collection and analysis requirements for the system in five basic areas: data warehousing, data query and reporting, SARC victim case management functions, subject investigative and legal case information, and SAPR program administration and management.

d. Receive information from the Military Services' existing data systems or direct data entry by authorized Military Service personnel.

3. NOTIFICATION PROCEDURE AND RECORD ACCESS PROCEDURES

a. Requests for information contained in DSAID are answered by the Services. All requests for information should be made to the DoD Component that generated the information in DSAID. Individuals seeking to determine whether information about themselves is contained in this system of records or seeking access to records about themselves should address written inquiries to the appropriate Service office (see Service list at [www.sapr.mil](http://www.sapr.mil)).

b. Requests for information to the DoD Components must be responded to by the office(s) designated by the Component to respond to FOIA and Privacy Act requests. Requests shall not be informally handled by the SARCs.

ENCLOSURE 12

SEXUAL ASSAULT ANNUAL AND QUARTERLY REPORTING REQUIREMENTS

1. ANNUAL REPORTING FOR THE MILITARY SERVICES. The USD(P&R) submits annual FY reports to Congress on the sexual assaults involving members of the Military Services. Each Secretary of the Military Departments must submit their Military Service report for the prior fiscal year to the Secretary of Defense through the DoD SAPRO by March 1. The Secretary of the Navy must provide separate reports for the Navy and the Marine Corps. The annual report is accomplished in accordance with section 1631(d) of Reference (k), and includes:

- a. The policies, procedures, and processes in place or implemented by the SAPR program during the report year in response to incidents of sexual assault.
- b. An assessment of the implementation of the policies and procedures on the prevention, response, and oversight of sexual assaults in the military to determine the effectiveness of SAPR policies and programs, including an assessment of how Service efforts executed DoD SAPR priorities.
- c. Any plans for the following year on the prevention of and response to sexual assault, specifically in the areas of advocacy, healthcare provider and medical response, mental health, counseling, investigative services, legal services, and chaplain response.
- d. Matrices for Restricted and Unrestricted Reports of the number of sexual assaults involving Service members, that includes case synopses, and disciplinary actions taken in substantiated cases and relevant information. See the appendix to this enclosure.
- e. Analyses of the matrices of the number of sexual assaults involving Service members.

2. QUARTERLY REPORTS. The quarterly data reports from the Military Services are the basis for annual reports, including the data fields necessary for comprehensive reporting. The information collected to prepare the quarterly reports has been assigned Report Control Symbol DD-P&R(A)2205. In quarterly reports, the policies and planned actions are not required to be reported. Each quarterly report and subsequent FY annual report shall update the status of those previously reported investigations that had been reported as opened but not yet completed or with action pending at the end of a prior reporting period. Once the final action taken is reported, that specific investigation no longer needs to be reported. This reporting system will enable the DoD to track sexual assault cases from date of initiation to completion of command action or disposition. Quarterly reports are due:

- a. February 15 for investigations opened during the period of October 1 - December 31.
- b. May 15 for investigations opened during the period of January 1 - March 31.

c. August 15 for investigations opened during the period of April 1 - June 30.

d. The final quarterly report (July 1 - September 30) shall be included as part of the FY annual report.

3. ANNUAL REPORTING FOR THE MILITARY SERVICE ACADEMIES (MSAs).

Pursuant to section 532 of Reference (h), the USD(P&R) submits annual reports on sexual harassment and violence at MSAs to the House of Representatives and Senate Armed Services Committees each academic program year (APY). The Military Service Academy Sexual Assault Survey conducted by the Defense Manpower Data Center (DMDC) has been assigned Report Control Symbol DD-P&R(A)2198.

a. In odd-numbered APYs, superintendents will submit a report to their respective Military Department Secretaries assessing their respective MSA policies, training, and procedures on sexual harassment and violence involving cadets and midshipmen no later than October 15 of the following APY. DMDC will simultaneously conduct gender relations surveys of cadets and midshipmen to collect information relating to sexual assault and sexual harassment at the MSAs to supplement these reports. DoD SAPRO will summarize and consolidate the results of each MSA's APY assessment, which will serve as the mandated DoD annual report to Congress.

b. In even-numbered APYs, DoD SAPRO and the DoD Diversity Management and Equal Opportunity (DMEO) Office conduct MSA site visits and a data call to assess each MSA's policies; training, and procedures regarding sexual harassment and violence involving cadets and midshipmen; perceptions of Academy personnel regarding program effectiveness; the number of reports and corresponding case dispositions; program accomplishments; progress made; and challenges. Together with the DoD SAPRO and DMEO MSA visits, DMDC will conduct focus groups with cadets and midshipmen to collect information relating to sexual harassment and violence from the MSAs to supplement this assessment. DoD SAPRO consolidates the assessments and focus group results of each MSA into a report, which serves as the mandated DoD annual report to Congress that will be submitted in December of the following APY.

4. ANNUAL REPORTING OF INSTALLATION DATA. Installation data is drawn from the annual reports of sexual assault listed in section 1 of this enclosure. The Secretaries of each Military Department must submit their Military Service report of sexual assault for the prior fiscal year organized by installation, to the Secretary of Defense through the DoD SAPRO by April 30 of each year. The Secretary of the Navy must provide separate reports for the Navy and the Marine Corps. Reports will contain matrices for Restricted and Unrestricted Reports of the number of sexual assaults involving Service members organized by military installation, and matrices including the synopsis and disciplinary actions taken in substantiated cases.

*Appendix*

*Sexual Assault Offense – Investigation Disposition*

APPENDIX TO ENCLOSURE 12

SEXUAL ASSAULT OFFENSE – INVESTIGATION DISPOSITION

Pursuant to the legislated requirements specified in Reference (k), the following terms are used by the Services for annual and quarterly reporting of the dispositions of subjects in sexual assault investigations conducted by the MCIOs. Services must adapt their investigative policies and procedures to comply with these terms.

a. Substantiated Reports. Dispositions in this category come from Unrestricted Reports that have been investigated and found to have sufficient evidence to provide to command for consideration of action to take some form of punitive, corrective, or discharge action against an offender.

(1) Substantiated Reports Against Service Member Subjects. A substantiated report of sexual assault is an Unrestricted Report that was investigated by an MCIO, provided to the appropriate military command for consideration of action, and found to have sufficient evidence to support the command's action against the subject. Actions against the subject may include initiation of a court-martial, nonjudicial punishment, administrative discharge, and other adverse administrative action that result from a report of sexual assault or associated misconduct (e.g., adultery, housebreaking, false official statement).

(2) Substantiated Reports by Service Member Victims. A substantiated report of a sexual assault victim's Unrestricted Report that was investigated by an MCIO, and provided to the appropriate military command for consideration of action, and found to have sufficient evidence to support the command's action against the subject. However, there are instances where an Unrestricted Report of sexual assault by a Service member victim may be substantiated but the command is not able to take action against the person who is the subject of the investigation. These categories include the following: the subject of the investigation could not be identified; the subject died or deserted from the Service before action could be taken; the subject was a civilian or foreign national not subject to the UCMJ; or the subject was a Service member being prosecuted by a civilian or foreign authority.

b. Substantiated Report Disposition Descriptions. In the event of several types of action a commander takes against the same offender, only the most serious action taken is reported, as provided for in the following list, in descending order of seriousness. For each offender, any court-martial sentence and nonjudicial punishment administered by commanders pursuant to Article 15 of the UCMJ is reported annually to the DoD in the case synopses or via DSAID. Further additional actions of a less serious nature in the descending list should also be included in the case synopses reported to the Department. Reference (k) requires the reporting of the number of victims associated with each of the following disposition categories.

(1) Commander Action for Sexual Assault Offense

(a) Court-Martial Charges Preferred (Initiated) for Sexual Assault Offense. A court-martial charge was preferred (initiated) for at least one of the offenses punishable by Articles 120 and 125 of the UCMJ, or an attempt to commit an Article 120 or 125, UCMJ offense that would be charged as a violation of Article 80 of the UCMJ. (See Rules for Courts-Martial 307 and 401 of Reference (r).)

(b) Nonjudicial Punishments (Article 15, UCMJ). Disciplinary action for at least one of the UCMJ offenses comprised within the SAPR definition of sexual assault that was initiated pursuant to Article 15 of the UCMJ.

(c) Administrative Discharges. Commander action taken to involuntarily separate the offender from military service that is based in whole or in part on an offense within the SAPR definition of sexual assault .

(d) Other Adverse Administrative Actions. In the absence of an administrative discharge action, any other administrative action that was initiated (including corrective measures such as counseling, admonition, reprimand, exhortation, disapproval, criticism, censure, reproach, rebuke, extra military instruction, or other administrative withholding of privileges, or any combination thereof), and that is based in whole or in part on an offense within the SAPR definition of sexual assault. Cases should be placed in this category only when an administrative action other than an administrative discharge is the only action taken. If an “other administrative action” is taken in combination with another more serious action (e.g., courts-martial, nonjudicial punishment, administrative discharge, or civilian or foreign court action), only report the case according to the more serious action taken.

(2) Commander Action for Other Criminal Offense. Report actions against subjects in this category when there is probable cause for an offense, but only for a non-sexual assault offense (i.e., the commander took action on a non-sexual assault offense because an investigation showed that the allegations did not meet the required elements of, or there was insufficient evidence for, any of the UCMJ offenses that constitute the SAPR definition of sexual assault). Instead, an investigation disclosed other offenses arising from the sexual assault allegation or incident that met the required elements of, and there was sufficient evidence for, another offense under the UCMJ. Report court-martial charges preferred, nonjudicial punishments, and sentences imposed in the case synopses provided to the DoD. To comply with Reference (k), the number of victims associated with each of the following categories must also be reported.

(a) Court-martial charges preferred (initiated) for a non-sexual assault offense.

(b) Nonjudicial punishments (Article 15, UCMJ) for non-sexual assault offense.

(c) Administrative discharges for non-sexual assault offense.

(d) Other adverse administrative actions for non-sexual assault offense.

c. Command Action Precluded. Dispositions reported in this category come from an Unrestricted Report that was investigated by an MCIO and provided to the appropriate military

command for consideration of action, but the evidence did not support taking action against the subject of the investigation because the victim declined to participate in the military justice action, there was insufficient evidence of any offense to take command action, the report was unfounded by command, the victim died prior to completion of the military justice action, or the statute of limitations for the alleged offense(s) expired. Reference (k) requires the reporting of the number of victims associated with each of the following disposition categories.

(1) Victim Declined to Participate in the Military Justice Action. Commander action is precluded or declined because the victim has declined to further cooperate with military authorities or prosecutors in a military justice action.

(2) Insufficient Evidence for Prosecution. Although the allegations made against the alleged offender meet the required elements of at least one criminal offense listed in the SAPR definition of sexual assault (see Reference (b)), there was insufficient evidence to legally prove those elements beyond a reasonable doubt and proceed with the case. (If the reason for concluding that there is insufficient evidence is that the victim declined to cooperate, then the reason for being unable to take action should be entered as “victim declined to participate in the military justice action,” and not entered as “insufficient evidence.”)

(3) Victim’s Death. Victim died before completion of the military justice action.

(4) Statute of Limitations Expired. Determination that, pursuant to Article 43 of the UCMJ, the applicable statute of limitations has expired and the case may not be prosecuted.

d. Command Action Declined. Dispositions in this category come from an Unrestricted Report that was investigated by an MCIO and provided to the appropriate military command for consideration of action, but the commander determined the report was unfounded as to the allegations against the subject of the investigation. Unfounded allegations reflect a determination by command, with the supporting advice of a qualified legal officer, that the allegations made against the alleged offender did not occur nor were attempted. These cases are either false or baseless. Reference (k) requires the reporting of the number of victims associated with this category.

(1) False Cases. Evidence obtained through an investigation shows that an offense was not committed nor attempted by the subject of the investigation.

(2) Baseless Cases. Evidence obtained through an investigation shows that alleged offense did not meet at least one of the required elements of a UCMJ offense constituting the SAPR definition of sexual assault or was improperly reported as a sexual assault.

e. Subject Outside DoD’s Legal Authority. When the subject of the investigation or the action being taken ~~are~~ *is* beyond DoD’s jurisdictional authority or ability to act, use the following descriptions to report case disposition. To comply with Reference (k), Services must also identify the number of victims associated with these dispositions and specify when there was insufficient evidence that an offense occurred in the following categories.

(1) Offender is Unknown. The investigation is closed because no person could be identified as the alleged offender.

(2) Subject is a Civilian or Foreign National not Subject to UCMJ. The subject of the investigation is not amenable to military UCMJ jurisdiction for action or disposition.

(3) Civilian or Foreign Authority is Prosecuting Service Member. A civilian or foreign authority has the sexual assault allegation for action or disposition, even though the alleged offender is also subject to the UCMJ.

(4) Offender Died or Deserted. Commander action is precluded because of the death or desertion of the alleged offender or subject of the investigation.

f. Report Unfounded by MCIO. Determination by the MCIO that the allegations made against the alleged offender did not occur nor were attempted. These cases are either false or baseless. Reference (k) requires the reporting of the number of victims associated with this category.

(1) False Cases. Evidence obtained through an MCIO investigation shows that an offense was not committed nor attempted by the subject of the investigation.

(2) Baseless Cases. Evidence obtained through an investigation shows that alleged offense did not meet at least one of the required elements of a UCMJ offense constituting the SAPR definition of sexual assault or was improperly reported as a sexual assault.
